BELL'S QUARTERS IN WITH RUEF'S.

Labor Union Party Leaders and Abe Are Making Common Cause.

Deposed Boss Uses His Own Automobile to Rally His Cohorts for Treimoe's Bell Rally—Groans and Hisses for Gillett at All the Ruef Meetings—Independent Workers Will Not March With Bell Gang.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Oct. 31.—[Exclusive Dispatch.] Every shadow of doubt that Ruef and Bell are in one camp is now removed, and the slowest unprejudiced intellect is fully convinced that the two have made common cause.

The headquarters of the Bell State campaign committee (Union Labor party) are also the headquarters of the Ruef managing committee, presided over by McCarthy, Treimoe, Parry and the whole bunch of foreign-born agitators who are making Bell's campaign and acting as the special bodyguard for Ruef.

The ratification meeting for Bell held in Doores Hall, this city, one week ago, was filled with Ruef followers, while the leaders of the Bell forces occupying the platform are the most ardent supporters of Ruef and his gang.

The Ruef and Bell interests are identical, and it is impossible to segregate or separate the two. If a doubt lingered in the mind of any one whether Ruef supports Bell, or whether Ruef is secretly helping Gillett, he should have been at that meeting, where all the criminals and disreputables were assembled, shouting for Bell and Ruef in the same breath, and hissing Gillett every time the latter's name was mentioned. Additional proof was furnished at the meeting held in Walton's Pavilion last Sunday afternoon. That meeting was called at the instance of Ruef. He sent his messengers out in his own automobile all day and evening, scattering dodgers throughout the city, announcing the meeting and urging unionists to attend. It was purely a Ruef meeting, for the purpose of extolling graft, thuggery and crime. But the speakers were nearly all Bell campaign orators. On that occasion again, Bell's name was cheered as loudly as that of Ruef, while Gillett's name met with groans and hisses. These scenes are repeated at every Ruef meeting. In fact, it will baffle the shrewdest men in this city to distinguish between a Bell and a Ruef meeting, for both are identical, the same speakers, the same people filling the hall, the same cheers for Ruef and Bell, the same groans and hisses for Gillett, for justice, for right and for decency.

It is an open secret that Bell, prior to entering upon his gubernatorial candidacy, was in conference with Abe Ruef. Bell's supporters are congregated in the Ruef camp, and messages go back and forth between Ruef and the Bell leaders.

The two are known to be in constant communication. Ruef is secretly working for the election of Bell. It is a cunning trick on the part of Ruef to convey the impression that he favors the election of the Republican ticket, hoping thereby to injure the chances of Gillett. His cunning may have deceived voters for a time, but the people in San Francisco have discovered the trick, and decent, right-minded men, who originally intended to vote for Bell, have become disgusted with Bell's associations that they now openly avow their intention to vote for Gillett, to save the State from the civic disease which is sapping the vitality of San Francisco.

Within the past few days encouraging signs have become visible that intelligent mechanics and laborers of San Francisco begin to assert their independence of graft and submission to Boss Ruef. Gillett has accepted an invitation from the workmen em-

ployed in the Union Iron Works to address them in mass meeting next Saturday, and he will find an intelligent and appreciative audience. These men want to show Gillett that they appreciate his work as author of the 4 per cent. differential bill which he drafted and pushed through Congress, enabling California and Pacific Coast shipbuilders to compete with Eastern shipyards in building battleships on the Pacific Coast, and place millions of the government's money into the pockets of wage-earners.

There is more evidence that individual trades-unionists are breaking away from Ruef, since they have become convinced that Bell and Ruef have formed a secret alliance for the looting of the State, and that they are not the friends of wage-earners, but simply want to use the trade unions, through their rascally leaders, to usurp the government of California.

FAMED JURIST PASSES AWAY.

JUDGE J. E. GARY OF CHICAGO DIES SUDDENLY.

Presided at Trial of Haymarket Anarchists—Life Often Threatened, He Evincing High Moral and Physical Courage—Over Forty Years on the Bench.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Oct. 31.—Judge Joseph E. Gary, one of the most well-known jurists in this section of the country, who presided during the famous trial of the anarchists in 1885, died suddenly today of heart disease, aged 84. The specific cause of death was degeneration of the heart muscles. The judge held court as usual on Tuesday, but was not in his usual health this morning, and sent word that he would not hold court. He grew steadily weaker throughout the day, and expired quietly about 2:30 o'clock.

Judge Gary had been a member of the Cook county bench for forty-three years, and was the oldest judge in that of service as well as in years. He occupied a judicial position longer than any man who ever sat on the bench in this portion of the State.

Judge Gary made a national reputation at the time of the anarchist trials in 1885, over which he presided. As the presiding officer at the trial he was repeatedly threatened with death by anarchist sympathizers and showed wonderful physical as well as high moral courage during a very trying experience that continued for many months after the anarchists had been executed.

Judge Gary was born in Potsdam, N. Y., in 1821; was admitted to the bar in 1844, and practiced at Springfield, Mo., Las Vegas, N. M., and San Francisco, coming finally to Chicago in 1860. He was made a judge in 1863 and had been on the bench continuously since that time.

ASKS TO ENJOIN A MERGER DODGER.

ATTORNEY SAYS RAILWAYS CAN NOT OWN TROLLEYS.

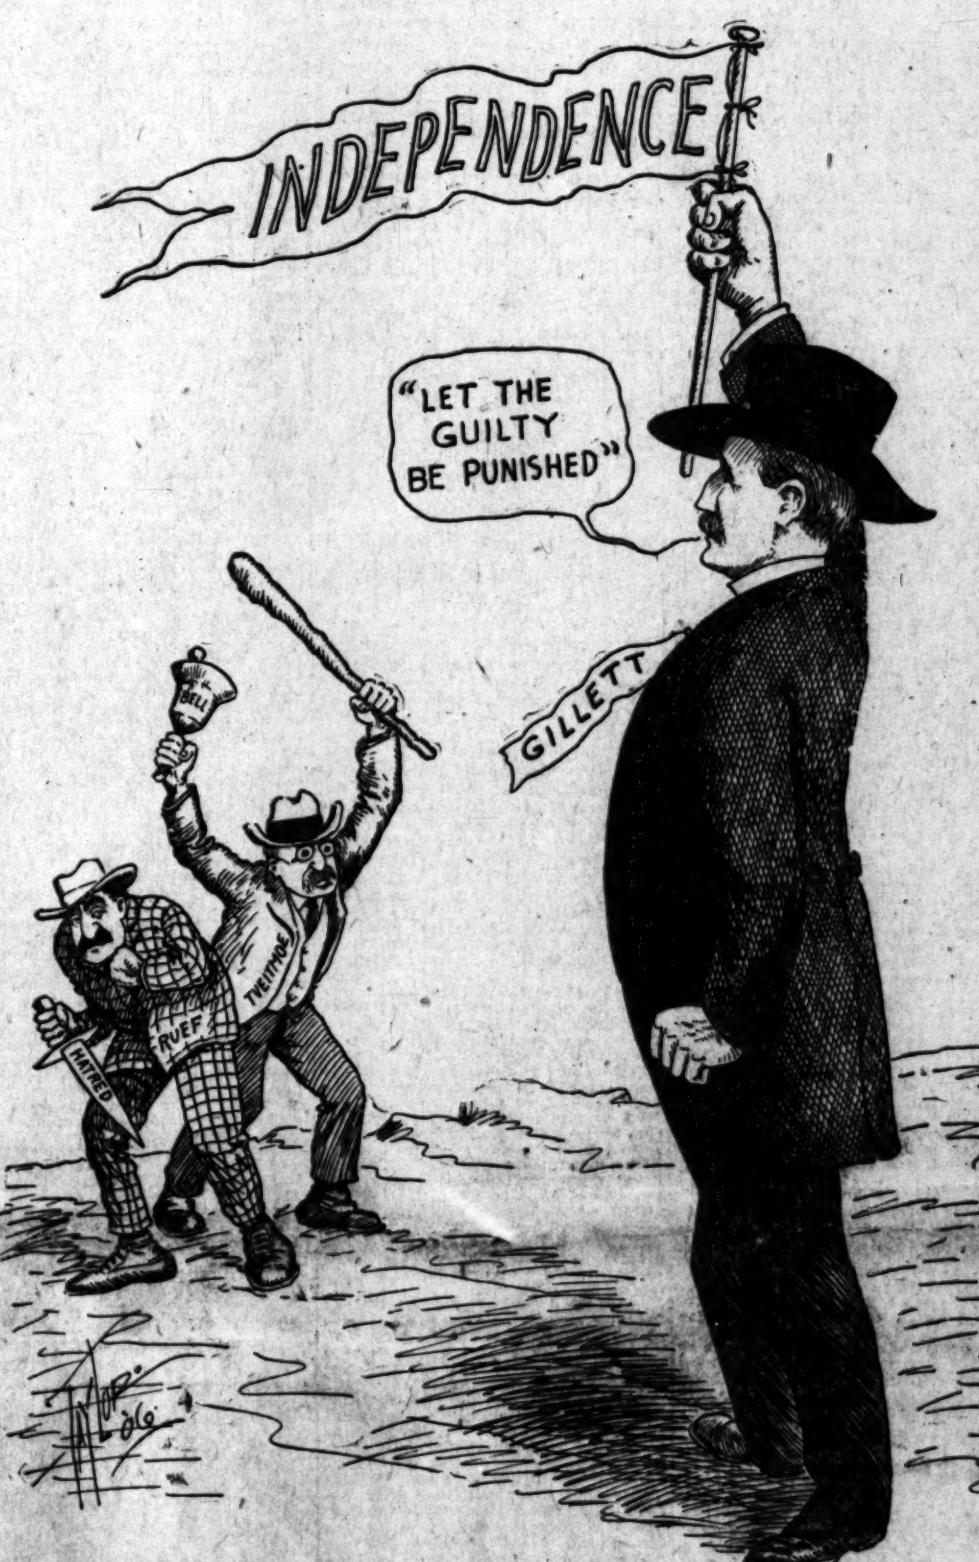

Action Is Begun in Massachusetts Court to Forbid Sale of Twenty Millions of Stock Turned Over to Subsidiary Company to Evade the State Law.

(BY DIRECT WIRE TO THE TIMES.) BOSTON, Oct. 31.—[Exclusive Dispatch.] Atty.-Gen. Malone has asked the Supreme Court for an injunction against the New England Investment and Security Company, which has just been organized by officials and interests of the consolidated railroad system, under the New York New Haven and Hartford Railroad, to take over its trolley holdings in Massachusetts, and dodge the State trolley law which forbids competing lines holding such securities.

He asks the court to forbid the sale of stock in the newly incorporated concern, which has ten millions of 4 per cent. preferred stock and ten millions of common stock, and offers securities identical with those of the consolidated system, headed by Charles S. Mellen.

PRIZE WON IS WITHDRAWN.

AMUNDSEN'S CREW GETS NOTHING FOR VOYAGE.

English Government Cancels Offer of \$100,000, and Men Who Braved Arctic Terrors Fail to Receive Reward—Were First to Sail the Northwest Passage.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Oct. 31.—[Exclusive Dispatch.] This is the story of a \$100,000 goal in the Arctic regions and a zero finish in the temperate zone.

Through a message from home, received here today, the five members of Capt. Amundsen's crew, which sailed in the seventy-foot schooner

Gloa in the three and a half years' Arctic cruise, resulting in the discovery of the magnetic pole and the navigation of the Northwest Passage, learned that the prize of \$100,000 offered by the British government had been withdrawn. The message gave no details as to the reason for this move.

Capt. Amundsen, himself, is not with the party, but will arrive later in the week. The five sturdy seafarers, en route home to Norway, told of battles with hunger and cold and stormy ice-bound seas, the hope of securing the golden prize always spurting them on.

Eight years ago, the British government, to stimulate exploration, offered an award of \$100,000 to the first explorer to navigate the Northwest Passage. Several attempts had been made by the English, but without success.

POSSE HAS FIGHT WITH DESPERADOES.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND (Or.) Oct. 31.—[Exclusive Dispatch.] In a pitched battle with desperadoes, this afternoon, Frank Glover and Joe Hooley, both residents of Kennewick, Wash., were killed, and Sheriff Alex McNeil of Benton county was seriously wounded.

The three men formed part of a posse which surrounded a cabin on the banks of the Snake River, where a band of men which has been terrorizing the Kennewick country were brought to bay.

The robbers, supposed to be four in number, had fortified themselves in the cabin, and when the place was attacked, defended it vigorously. Two of the attacking party fell dead, shot down in their tracks. Sheriff McNeil probably will recover.

Last night, a number of stores in Kennewick were burglarized, and a large quantity of goods, including a quantity of arms and ammunition, was taken.

The robbers were traced to the deserted cabin and their capture attempted.

CORPSES OF PRIOR VICTIMS.

The men are suspected to be members of a gang which has committed numerous crimes throughout Eastern Oregon in late fall. Corpses of several men have been found floating in Snake River, and foul play is suspected.

A posse left Walla Walla, today, for Kennewick, taking bloodhounds from the State Penitentiary. If the desperadoes are captured tonight a lynching is probable, as the people of Kennewick are much wrought up over the affair.

The men who were shot were highly respected and their neighbors have sworn vengeance against their slayers.

DOG SAVES FAMILY.

CHIPPEWA FALLS (Wis.) Oct. 31.—[Exclusive Dispatch.] John Dolan, his wife, two daughters and a son were saved from burning to death here, early today, by the family dog. The animal tried to arouse Dolan several times by barking, and finally saved his arm.

M.C.A. STARTS RUSSIAN BRANCH.

FIRST FOUNDATION NUMBERS SIXTEEN HUNDRED.

Czar's Brother-in-Law Is President—Foreign Name of Association Is "Mayak" and Organizer Strictly Abstains from All Controversial Questions.

(BY DIRECT WIRE TO THE TIMES.)

BOSTON, Oct. 31.—[Exclusive Dispatch.] Franklin A. Gaylor, a Vermont, is in Russia organizing branches of the International Y.M.C.A. throughout the country in every capital. He has just completed the organization of a big branch at St. Petersburg with 1600 members, nearly all native Russians, which has just built a \$58,000 building. Duke Alexander of Oldenburg, who married Princess Olga, the Czar's sister, is president.

Mrs. Gaylor is with him and buying herself organizing branches of the Young Women's Christian Association.

The branches are along similar lines but are not called Y.M.C.A., however, but "Mayak," as people of all religious faiths are admitted to the religious services which are held every Sunday. Gaylor is carefully abstaining from all controversial differences.

WEDS SOCIETY GIRL.

Great-Grandnephew of Ralph Waldo Emerson Becomes a Benedict.

(BY DIRECT WIRE TO THE TIMES.)

WORCESTER (Mass.) Oct. 31.—[Exclusive Dispatch.] Ralph Darnall Emerson, great-grandnephew of Ralph Waldo Emerson, today married Miss Minnie Violet Thayer, daughter of Mr. and Mrs. Romano Thayer, and a prominent society girl. The ceremony was performed by Rev. Elliot White at St. John's Episcopal Church. The groom is a graduate in technology, and is associated with Codman & Despardelle, Boston architects.

FIVE PERSONS SCALDED.

NEW ORLEANS, Oct. 31.—Five persons were scalded to death by a column of escaping steam from a broken boiler in a sugar house near Vacherie, La., yesterday.

SURPRISE TO CUBA.

Insular Methods to Be Reviewed.

Natives Thought Uncle Sam Would Simply Enforce Laws as Found.

Gov. Magoon Distributes a Sensation in Explaining Experts' Arrival.

Treasury Accounts Since the Last American Occupation Up for Inspection.

(BY DIRECT WIRE TO THE TIMES.)

HAVANA (Cuba) Oct. 31.—[Exclusive Dispatch.] The temporary occupation of Cuba by Americans is to be not only administrative, but reformatory.

This comes as a surprise to the Cubans, who say they have been led to believe the United States was merely to discharge the functions of the Cuban government by enforcing laws as found, until public order was restored, and the country was in condition to have its affairs turned over again to its people.

The Cubans had no conception that the past was to be looked into, and governmental acts and methods criticized from the American standpoint.

It was taken for granted that Americans and Cubans would begin where they left off, with no thought of investigation into what had been done in Cuba's effort at self-government, of which, as a whole, most Cubans are very proud.

WHY THE LEGAL EXPERTS? The language of Provisional Governor Magoon, today, in explaining the arrival of Maj. J. D. Terrell, a legal expert of the Comptroller's office in Washington, with R. T. Allen, an expert accountant from the same office, proves they had been mistaken.

Maj. Terrell, who was auditor under Gen. Wood, started the Cuban treasury in its duty of handling public moneys. He devised not only the accounting system to be followed, but also had much to do with the certifying of the laws that gave the treasury officials power to safeguard the funds against improper laws and schemes of politicians.

The condition into which the treasury has been allowed to drift indicates that some auditors have dragged and that others are needed.

STUDY OF ACCOUNTS.

To see just what is the matter, it will be necessary to go over all treasury transactions since the last American occupation, and report what is found to the Provisional Governor, that he may know if methods are at fault, or if the republic has been wronged by fraud.

As the Governor puts it: "We must know just where we stand, and why we stood there at the time we took up the temporary management of Cuban affairs."

NEED OF NEW METHODS.

Maj. Terrell comes to look into treasury methods, its forms and procedure. He will see what has been done, and, if possible, report measures to increase its efficiency.

Mrs. Bell arrived today on the transport Sumner, and will make the place more like home to her husband, Gen. Bell, with C. M. Magoon, has been living there in bachelor quarters.

NORDICA FILES CLAIM.

Demands Thousands of Dollars from Government—Case Dates Back Over a Century.

(BY DIRECT WIRE TO THE TIMES.) BROCKTON (Mass.) Oct. 31.—[Exclusive Dispatch.] Attorneys for Mme. Lillian Nordica, prima donna, and Mrs. Emily Norton of this city, have filed a claim against the United States government for thousands of dollars in a French spoliation claim, the case dating back to 1800.

Mme. Norton is one of the descendants and heiresses to Ichabod Norton, a wealthy ship-owner of the early American republic, who lost heavily by French attacks on the American shipping from 1797 to 1801. Mme. Nordica may profit by several thousand dollars as her share, when the claim is settled.

UNWRITTEN LAW ACQUITS.

ALBANY (Pa.) Oct. 31.—[Exclusive Dispatch.] Invoking the unwritten law of honor, Harry Londoner of Chicago tonight was acquitted of the murder of Walle Kohler, an employe of the custom house.

MARCONI INSPECTS WIRELESS.

MILAN, Oct. 31.—William Marconi and wife have arrived here. They are on their way to Cortina, near Piza, to inspect the building of the Ultra Potent station of the wireless communication with Argentina. This station will be ready for trial in a few months.

"CURLY BOSS" GETS HIS GANG TOGETHER.

Ruef Rants Against Reform Element and Alleges Conspiracy—He Fears the Hundred-Thousand-Dollar Fund and Organizes Against it.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Oct. 31.—[Exclusive Dispatch.] Superior Judge Seawell today issued an alternative writ of prohibition restraining Acting Mayor Gallagher and the Board of Supervisors from making any further attempts to remove Dis. Atty. Langdon. The writ is returnable November 9, at 10 o'clock a.m.

In obtaining this writ, the anti-Ruef forces have gained an important temporary advantage, as it will be impossible for the executive to interfere with the hearing, and it is possible that the writ may then be made permanent.

Late in the afternoon, Ruef's attorney obtained Superior Judge Seawell's signature to an order, returnable Friday morning, which cites Langdon to appear in court and show cause why he should not be adjudged in contempt. The contempt proceedings will be based on two charges: First, that the District Attorney refused to answer questions put to him, and second, that he left the notary's before the taking of the deposition was finished.

SAN FRANCISCO, Oct. 31.—[Exclusive Dispatch.] The most remarkable mass meeting in the history of the city was held in Dreamland pavilion, late this afternoon. Even the time set for the meeting, 5:30 o'clock, was significant, as the action of this unusual hour gives a good index of the character of those who attended.

This time was selected so that those present could attend a prize fight which took place later in the evening. It was a great gathering of the forces of the Red Light and "graffers." While the call for the meeting, which was issued by Ruef himself, was addressed to the city employees, hoboes and denizens of the "tenderloin" were there. In all, 2500 persons were present, to cheer the curly boss, possibly to a prison cell. It was a great gathering of the tough element, and its purpose was to form an organization to battle against decent citizens.

COLMAN CHAIRMAN.
Supervisor Colman, one of those alleged to be guilty of gross corruption, acted as chairman. Among the speakers was Maj. C. W. Kyle. He denounced the reform element of the city and scored the press of the city in unmeasured terms. He declared the only purpose of the newspapers was to destroy the fair name of a successful man.

James A. Devoto, an attorney who has figured largely in labor union matters, also made a hot speech along the same lines, and then the commissioner of Public Works, whose name has been dragged into boodle scandals to some extent, took the floor to defend the administration and Ruef from charges of fraud. He declared it was time "honest" men should band themselves together to defend themselves.

Reagan denounced Langdon as the "Benedict Arnold" of labor unionism. Then came the "star of the evening," Ruef himself, promoter of the gathering and possessor of politics of two parties. Ruef was received with a noisy demonstration from his hench-

men and admirers. In strongest words, the boss protested his innocence of the charges of graft. He assured his hearers, and his words were cheered, that no one could show a shadow of proof of wrongdoing on his part. He asserted that the attack on him was the result of a conspiracy. In strong language he scored Henry for his part in the prosecution and promised to prove him a gross slanderer.

He represented himself as abused, innocent personified, and represented himself as defender of the rights of individuals against the attacks of a "venal press." He poured out his wrath on newspapers of the city. He then said: "But there are some persons who do not know that the statements of these lying papers are false. It is our duty to organize a mission-ary league to go to these people and convert them. Gentlemen, there is but one thing to fear, and that is the \$100,000 corruption fund."

The chairman was directed to appoint a committee of fifty to complete the work of organization.

REFUSES TO ANSWER.

LANGDON DEFIES RUEF.

[BY THE ASSOCIATED PRESS.—P.M.] SAN FRANCISCO, Oct. 31.—On the ground that an attempt was being made to learn the secrets of the proceedings of the State Cattle Commission, Dis. Atty. Langdon today refused to answer certain questions put to him by counsel for Abraham Ruef, when summoned to give his deposition before the Superior Court.

Notary Public Knox, who was called in the injunction suit brought by Langdon, restraining Ruef from acting as Dis. Atty., today refused to place his name as witness in the proceedings. Langdon claims he was justified in his position, because there was an apparent effort to learn some of the evidence against Ruef now in his (Langdon's) possession.

When asked if he was familiar with the issues of the complaint, which sets forth that felony charges were to be presented against Ruef, Langdon refused to answer, and, together with his attorney, Hiram Johnson, left the office of Notary Public Knox. It is the purpose of Ruef to have the Dis. Atty. cited for contempt for refusal to answer the questions.

STUDENTS CHEER PHELAN.
HE PREDICTS VIGILANTES.
[BY THE ASSOCIATED PRESS.—P.M.] STANFORD UNIVERSITY, Oct. 31.—Former Mayor of San Francisco James D. Phelan's address before the university assembly today was a scathing denunciation of municipal corruption in San Francisco, and the bitter words of the speaker were widely applauded by the students. The speaker predicted a report to the methods of the vigilantes, if graft in San Francisco is not soon put at an end.

were at work, the more respectable element confined itself to destroying property and giving Chief Collins's new officers fruitless chases. Reports came in at all local police stations of the depredations.

MAYOR SUES TRIBUNE.
Sue was filed today in the Circuit Court by Mayor Dunne against the Chicago Tribune and Robert W. Patterson for \$100,000 damages. The suit was based on an editorial published by the Tribune, which said that the Mayor "packed" the School Board with "frauds," "monomaniacs" and "boodlers."

"QUEERED" THEIR BALLOTS.
[BY DIRECT WIRE TO THE TIMES.] LOGANSPOUT (Ind.) Oct. 31.—[Exclusive Dispatch.] By an error in its "boiler-plate editorials," the Republican State Committee discovered that it may lose hundreds, perhaps thousands, of votes. The plate matter furnished every Republican paper in the State, this week, contains instructions to voters how to mark their ballots. To vote the straight Republican ticket, voters were instructed to mark the circle at the head of the first column of the ballot, although the Indiana election law requires that the Democratic candidates shall be in the first column.

ANTI-LYNCHING BUREAU.
[BY DIRECT WIRE TO THE TIMES.] GUTHRIE (Okla.) Oct. 31.—[Exclusive Dispatch.] Charles H. Filson, Territorial Secretary, today granted a charter to the State Anti-Lynch Law Bureau, backed by leading negroes of the two Territories, the latest protective organization among the people of that race. It has headquarters here and is capitalized at \$25,000. Its object is stated to be to prevent lynchings and prevent the crimes which lead to and cause lynchings.

HALLOWEEN ROBBERIES.

Democratic Testimony.

Ex-Mayor Phelan of San Francisco, the Democrat who is fighting hardest for Bell, wires the Evening Express (Dem.) that the Labor Union party is opposed to Gillett "on his record."

True, every word of it. The whole gang is fighting and hissing Gillett on his record—on his record as a truly independent man, refusing to bow the knee to the labor bosses of any other.

Twelvemo, McCarthy, Ruef and the whole gang that made Schmitz Mayor are opposing Gillett "on his record."

This is excellent testimony from the Bell camp—a handsome acknowledgment from the enemy.

CATTLE BOARD IS INDICTED.
Charge Is Selling Meat They Knew to Be Diseased.

Delinquent Company Fined Three Thousand.
Vermont Court Hints Other Punishment Will Come.

[BY THE ASSOCIATED PRESS.—P.M.] BURLINGTON (Vt.) Oct. 31.—Sensational charges were made today in ten indictments which were returned by the Chittenden county grand jury in connection with the sale of diseased cattle in the State, and in the sale of which, according to the indictments, two former members of the State Cattle Commission participated with a full knowledge that such cattle would be used for food purposes.

Four of the indictments were against L. E. Brigham, manager of the Burlington Rendering Company. This company is controlled by the Consolidated Rendering Company, and the indictments against Brigham charge that he sold diseased cattle to the rendering company, and that he sold diseased cattle to the rendering company, and that he sold diseased cattle to the rendering company.

The most sensational disclosures were made in the indictments which were returned against Dr. F. Rich, a veterinarian of this city, and Victor L. Spear of Randolph, both of whom were members of the State Cattle Commission. Spear's term expired about one year ago and he was not reappointed. Rich was removed from the commission by Gov. Bell just before the latter retired from office.

The indictments against the Consolidated Rendering Company and Brigham charge the sale of diseased meat in the State and also the shipment of such diseased meat to Philadelphia for the purpose of putting it on sale. Rich and Spear are charged with selling diseased beef, which they had previously carcassed, to the rendering company.

All of the defendants furnished bonds for their appearance at the March term of the Chittenden county court. Before the grand jury reported at the morning session of the court, Judge Rowell imposed a fine of \$3000 on the Consolidated Rendering Company for its failure to produce for the grand jury certain papers and memoranda which had been demanded.

The defendant in contesting the proceedings for contempt of court, maintained that the papers had been destroyed previous to the investigation. Judge Rowell overruled the motion to dismiss the case and imposed the fine. In explanation of his failure to make the fine the maximum allowable under the statute, the judge stated that he was fixing the penalty he had in mind the fact that there are further means of punishing the company. It was learned that the Vermont law provides that a company found guilty of the charges which are pending against the Consolidated Rendering Company may be permanently prohibited from doing business in the State.

"MUTTERINGS TO MUTINY."
CREW OF BARALONG DISREGARDS THREAT OF IRONS.

Twelve Sailors Refuse to Work, After Leaving Philadelphia, Because of Indignities—Are Fined Two Days' Pay for Each Day They Did Not Perform Their Duties.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Oct. 31.—[Exclusive Dispatch.] Twelve sailors aboard the steamship Baralong, today from Calcutta, made the transition from mutterings to mutiny when they were refused shore leave and spending money in Philadelphia, where the ship called Monday.

They were driven forward and threatened with irons unless they obeyed orders, but the sense of their indignities and other things was strong upon them, and not a stroke of work did they do until the ship docked today at Pier No. 6, Bush Dock, South Brooklyn. Then each of them was fined two days' pay for each day he had refused to work.

STONED ELECTRIC BROUGHAM.
Striking Chauffeurs Assault New York Trio—Police Arrest One of the Mob.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Oct. 31.—[Exclusive Dispatch.] One hundred striking chauffeurs attacked an electric brougham at Fifth Avenue and Thirty-third street, shortly after midnight yesterday, wounding the driver with flying rods.

Dr. and Mrs. R. W. Wilcox and W. de H. Washington were the occupants of the vehicle, for which Mrs. Wilcox declared she paid the New York Transportation Company \$250 a month, for her exclusive use. None of the occupants was hurt by the flying missiles, although the front and side windows were completely demolished, as well as the wood work about the doors.

CHEYENNES READY TO JOIN RENEGADE UTES.

[BY DIRECT WIRE TO THE TIMES.]

SHERIDAN, Oct. 31.—[Exclusive Dispatch.] Information disclosed here reveals the fact that the real danger from Indians lies not in the band renegade Utes now so completely surrounded by troops on Powder River, but in the anticipated revolt of the seven or eight hundred Cheyenne braves, who are sparring for a fight with the soldiers.

It is believed this band is in communication with the Utes, and the Cheyenne warriors are ready to join them in an effort to resist the government.

C. C. Rousculp, known here as "Jesse James," an old-time scout who was with Gen. Crook in 1885 in Wyoming and Montana, has been hurriedly summoned from his home on Tongue River, near Birney, to guide the four companies of the Eighth Cavalry from Fort Robinson, debarked here today, and two companies from Fort Macken-

According to Rousculp, the Cheyennes have been buying guns and ammunition in a year and are the best-armed tribe in the West today. "All the old chiefs of the Cheyennes have died," says Rousculp, "and the young bloods are anxious to emulate the deeds of their former chief, Little Wolf, Lone Bear and Standing Bull. They are between seven and eight hundred warriors in the tribe, and from an intimate knowledge of the reds, I know they are ready to fight the soldiers at the drop of the hat."

TROOPS CHANGE PLANS.
Hasty changes have been made in the disposition of the troops to meet this new state of affairs. The troops expected to leave the trail today, Arava and proceed against the Indians immediately, but they will not proceed until morning, when they will proceed up Tongue River to Ashland, reinforced by two companies from Fort Mackenzie.

It is thought the plans of Chief Scout Charles Long will be followed and an attempt made to catch the Indians at night, when all are together. Private advices received here today report the killing of a sheep herder on Butte Creek and the destruction of a band of sheep by twenty Ute Indians. Troopers from the Eighth Cavalry tonight say they understand that infantry has been summoned from Fort Assiniboine, but this is not confirmed.

All the above is confirmed by an Associated Press dispatch giving a special report from Sheridan, Wyo., which says danger from the 700 or 800 Cheyenne Indians joining the renegade Ute band has become a reality. Tomorrow six companies are expected to arrive here from Fort Mackenzie, and tomorrow night the troops from here cannot make Ashland, eighty miles north, before Thursday evening. This military force is in command of Col. Augur of the Twelfth Cavalry.

ish occurred today between a band of renegade Ute Indians and a troop of the Tenth Cavalry, on Bitter Creek, according to word brought by a special courier. The troops have captured fifty Ute ponies.

As the troopers were driving away the ponies one hundred Utes, fully armed, surrounded the cavalrymen and the ponies, stampeding the ponies with revolver shots and native war whoops. The Indians recovered all their ponies, but five of them were killed by the troops in an effort to stop the stampede.

The Indians did not fire at the soldiers. The soldiers desisted from attacking the Utes, as the reds greatly outnumbered the troops. Troopers say that as far as they can ascertain from rumor and observation the Indians will fight with little provocation.

Another detachment from Fort Sheridan ran across a wandering band of row Indians, under Chief Sweet-Sheridan. The troopers drove the Indians back to the Crow agency. The Crows said that they were hunting, and intended any intention of joining the Utes.

Settlers charged that Indian guides employed by the Utes were acting treacherously and leading the troops on false trails to keep the soldiers from overtaking the Utes. The guides were allowed to go in peace.

GRISON EXPECTS PEACE.
SAYS INDIANS ARE HUNTING.
[BY THE ASSOCIATED PRESS.—P.M.] OMAHA, Oct. 31.—Advices received at army headquarters this afternoon from Maj. Grison, in command of the detachment of the Tenth Cavalry, which first took the field in pursuit of the Utes in Wyoming, say there is no prospect of a clash between the troops and the Indians. The latter are quietly hunting in the mountains near their camps and are not expected to move toward the Cheyenne reservation, as reported. Maj. Grison expects to have a conference with the chiefs of the band in a day or two.

UTES START NORTH.
SHERIDAN (Wyo.) Oct. 31.—The Utes have crossed the Wyoming line and are apparently making for Ashland, appointed as a meeting place with the Cheyennes. They are going down Hanging Woman Creek, and will reach its mouth on Tongue River probably today. The troops under Col. Augur left Sheridan today, but will not be able to reach Birney before tomorrow night.

Unless the Utes are headed off by troops coming overland from Fort Keogh they may join the Cheyennes Friday.

Two additional companies of Fort Mackenzie infantry will be started from here tomorrow. An effort is being made to mount them.

MATTOS IS ON HARBOR BOARD.

Injunction Comes Too Late to Save Mackenzie.

Lawyers Claim Their Writ Is Good, and Serve It.

Secretary Metcalf Arrives to Begin Inquiry.

SAN FRANCISCO, Oct. 31.—Harbor Commissioner John D. Mackenzie today failed to prevent with a restraining order the seating of John G. Mattos, Jr., of Alameda as Mackenzie's successor in the board.

A meeting of the Harbor Commission was called for 4 o'clock. At 4:30 o'clock President Spear called the meeting to order and the regular business of seating Mattos was taken up. His credentials were properly read and placed on record, and a telegram was received from the State Treasurer in Sacramento, stating that the proposition had been approved. Mattos was then received into the body.

Three minutes later Garrett McKinstry and Mackenzie walked in flashing restraining orders, still fresh with the ink of the Superior judge. When told that Mattos was already a member of the board, McKinstry seemed in no respect flustered, but charged that the order of the court was just as valid as before. So the injunction was served and it will be returned and the case will be heard in court.

The point upon which the whole matter hangs is whether Mackenzie's term began with his appointment by Gov. Geary in 1902 or not until February 24, 1903, as he claims. The importance of the outcome rests upon the fact that if Mackenzie remains in office until after January 1, 1907, he will be succeeded by some one who will throw the balance of power in the commission out of the hands of Pardee, and all of Pardee's friends on the water front may be removed. With Mattos and Crocker pulling together, however, Pardee will have control of the Harbor Commission for two more years, when Crocker's term expires.

FINISHED THREE DAYS AGO.

(BY THE ASSOCIATED PRESS—A.M.)

VALLEJO, Oct. 31.—The new plant of the Bay Shore Laundry which was opened three days ago was burned to the ground this morning. Engineer D. E. Mumford who was sleeping in the building, was awakened at 4 o'clock by the smell of smoke and found the fire had started in the lie and soap room. When the fire department collected the scene the building was a mass of flames. The loss is \$25,000, including \$2500 worth of laundry collected this week, insurance \$2500. It is thought the fire was caused by sparks from an adjacent gas-house.

UNION NEPHEW

OF LEE DIES.

(BY THE ASSOCIATED PRESS—A.M.)

PORTLAND, Oct. 31.—In a violent fit of coughing, shortly before his death at Vincent Hospital today, H. L. Mills, an Oregon pioneer, and a nephew of Gen. Robert E. Lee, commander of the Confederate army, raised from his lung a bullet that he had carried in his body since the Civil War. When a member of the Fifteenth New York Engineer Corps he fought against the army commanded by his mother's brother.

IT WAS A WHALE!

In all the characteristics that go to constitute a great newspaper, The Times of last Sunday, October 28, stands without a rival among regular issues in the history of journalism the world over. This is a sweeping statement, but the evidence of its truth went before the eyes of probably more than three hundred thousand readers.

One needs to stop and think and calculate and compute before he can comprehend, even approximately, what such a publication means.

The vast variety of matter presented is indicated in the number of topics treated. Counting whole departments, such as the Care of the Body, Poultry Culture, etc., in the Magazine Section, some of which occupy a page or more, each as a single article, there were 645 separate headed articles in the paper. The topics were almost infinite in variety, including news items of all sorts from the whole world, foreign, domestic and local; politics, religion, the courts, the markets, labor interests, baseball, automobilism, football, science, travel, fashions, society, the drama, music, the fine arts, fiction, poetry, literature, the great industries, all these and many other interests received attention.

Some comparisons with a book of average size and type are interesting. A book with pages 7½ by 5 inches, printed in the average size of type used in books, will be taken as a standard, and due allowance will be made for the smaller pages and wider columns of the Magazine Section of The Times.

A single copy of The Times contained 50,400 square inches of printable area; one page of the book would contain 37½ square inches. The Times therefore contained an equivalent of 1344 pages of the book. In other words, the paper in one copy of The Times was sufficient to make four and one-half books of 300 pages each. The edition of The Times amounted to 68,000 copies. The total amount of paper used was, therefore, sufficient to make an edition of 306,000 books of 300 pages each!

When the amount of reading matter is considered, the result of comparison with the book is still more astonishing. The Times contained 266 columns of reading matter, exclusive of all advertising. The average number of words per column is 1200, making a total of about 319,200 words. The book, taken for comparison, contains about 260 words to the page. Its 300 pages, therefore, will contain 78,000 words. Hence it will be seen that one copy of last Sunday's Times was equivalent, in the amount of pure reading matter it contained, to five and five-eighths volumes of the book, while the total edition was equivalent to 282,500 books of 300 pages each!

And, gentle reader, you must bear in mind that the labor of writing, editing, setting, the type, reading, the proof, engraving the pictures, stereotyping and electrotyping the forms, the printing, the folding and the delivering of this issue was but a seventh-day incident of a week of incessant work.

And 600 persons found plenty of employment in the task.

Reference to the amount of advertising contained in last Sunday's Times was made in Monday's issue. It may be added that that amount—about 530 columns—is more than 50 per cent. greater than was printed during the entire preceding week by the Pharisae, holler-than-thou, bell-clapper, To-biased organ of Eddie Evening Earl (Dem.) which shouts in stud-horse type on its first page every evening about its tremendous advertising patronage.

Gossip Resolves to Threatening, but

World Men Continue Working.

San Francisco, Oct. 31.—(Exclusive Dispatch.) The Christian Science situation to date, and the latest important phase, is that the force of New York World men, working in New England, finds itself carefully shadowed by representatives of the Boston Christian Science headquarters.

In some quarters a great deal of gossip has got around taking the form of threats, but apparently the World men are going ahead as usual.

The rumor at present is over the failure to hear some statement from Mrs. Stetson. The New York faction is increasing its demand for Mrs. Stetson, who is declared the ablest and strongest woman leader at present.

It is stated in Concord that Mrs. Leonard, who is believed to be the figurative head of the church, representing the faction led by Calvin A. Frye.

Mrs. Stetson is backed by what is termed the New York crowd, and will oppose the faction led by Calvin A. Frye to New England on a special mission, denying the published news stories of Mrs. Eddy's condition.

And 600 persons found plenty of employment in the task.

Reference to the amount of advertising contained in last Sunday's Times was made in Monday's issue. It may be added that that amount—about 530 columns—is more than 50 per cent. greater than was printed during the entire preceding week by the Pharisae, holler-than-thou, bell-clapper, To-biased organ of Eddie Evening Earl (Dem.) which shouts in stud-horse type on its first page every evening about its tremendous advertising patronage.

ARE SHADOWING

THE REPORTERS.

CHRISTIAN SCIENTISTS TURN TO BE DETECTIVES.

Gossip Resolves to Threatening, but

World Men Continue Working.

San Francisco, Oct. 31.—(Exclusive Dispatch.) The Christian Science situation to date, and the latest important phase, is that the force of New York World men, working in New England, finds itself carefully shadowed by representatives of the Boston Christian Science headquarters.

In some quarters a great deal of gossip has got around taking the form of threats, but apparently the World men are going ahead as usual.

The rumor at present is over the failure to hear some statement from Mrs. Stetson. The New York faction is increasing its demand for Mrs. Stetson, who is declared the ablest and strongest woman leader at present.

It is stated in Concord that Mrs. Leonard, who is believed to be the figurative head of the church, representing the faction led by Calvin A. Frye.

Mrs. Stetson is backed by what is termed the New York crowd, and will oppose the faction led by Calvin A. Frye to New England on a special mission, denying the published news stories of Mrs. Eddy's condition.

SAYS HE CURED HER.

MEDICINE USED, NOT PRAYER.

(BY DIRECT WIRE TO THE TIMES.)

SPRINGFIELD (Mass.) Oct. 31.—(Exclusive Dispatch.) Dr. E. J. Eddy, who is said to have cured Mrs. Eddy, yesterday said that he used medicine, not prayer, to cure her.

was hidden. They showed field-grown varieties entirely, and for the first time proved that several kinds can be grown without the use of glass. There were twenty varieties in all, and of these the fine clusters of White Perfection, Nelson Fisher, Fair Maid and Harry Penn, were particularly appealing to the eye.

Of another kind was the table of Morris Goldenstein. At the center was a vase of American Beauties, which justly took first prize in the rose section. The carnations were grown by P. Meyer at Burlingame, and spent eighteen hours in transit to Los Angeles, but they stood the journey well. There were all new varieties, seedlings raised by Mr. Meyer.

The finest of the lot, and a vase that attracted universal admiration, was of a variety as yet unnamed. The flower is of immense size, very full, and of the deepest crimson possible. A companion vase contained a new white, called for the wife of the grower, Mrs. C. P. Meyer.

Near this along the wall were two plants of the Asparagus plumosus, the favorite decorative fern. These were shown by the Signal Hill nurseries. The stems reached to the ceiling, and several great branches, and carried both seed and flowers. To show the extent of the industry, the secretary of the society stated that they expected to get \$5000 worth of seed from similar plants in the coming season.

IN SYMPHONY HALL.

In Symphony Hall there were four remarkable tables, furnished by professional florists. There is a gentle rivalry going on here, and the tables will be different forms of decoration shown—birthday decorations for children, baskets for dinners, bride bouquets, and the like. Richard Leach, a speaker at the meeting, said that the principal speaker was T. W. Brotherton, a candidate for State Senator from the Thirty-fourth District.

Mr. Brotherton stated his position early in opposition to the rule of the house and the corporations and declared that his place on the ticket was not of his own seeking. He contended that it is the duty of every citizen to get government and called upon all good citizens to aid in his election for that reason.

He stated for a free harbor at San Pedro, and said, "I am not a politician. I am a citizen. I belong to the Southern California. It is the duty of every citizen to see to it that the laws of California provide for a free harbor." As Mr. Brotherton went on, his briefs on his tongue and hoarse in his voice arose in the rear of the speaker, and he said, "I am not a politician. I am a citizen. I belong to the Southern California. It is the duty of every citizen to see to it that the laws of California provide for a free harbor."

Stephen D. Moore, who was chairman of the meeting, said that he was a spectator and had no idea that I was to be asked to speak. It certainly seemed to be a compliment to me, and I must therefore be an insult.

Mr. Moore clearly meant to apply the word "insult" to the "friend" who had brought him in, but Chairman Moore had applied it to Brotherton, and realized that a veteran could not be humiliated under such circumstances, and that the word should not have been used. This brought about an explanation from the individual with the hoarse, who stated that he accepted the structure of Savage as a compliment, coming as it did from a friend. That ended the incident and the twin left the meeting before it closed.

Albert Lee Stephens, candidate for township justice, and Ben Ward, candidate for County Assessor, briefly presented their claims, and Milton K. Young spoke for Lewis A. Groff and C. F. McNutt, candidates for the Superior bench.

POMONA VOTERS GATHER.

SENATOR ADDRESSES THEM.

[BY DIRECT WIRE TO THE TIMES.]

POMONA, Oct. 31.—[Exclusive Dispatch.] Senator Perkins delivered an address at an enthusiastic Republican rally here tonight. W. A. Bell was chairman of the meeting and introduced P. F. Cogswell, candidate in this Assembly district, and W. O. Welch, candidate for County Treasurer, who made short speeches, after which Francis Pratt sang two rousing patriotic songs.

Senator Perkins presented national and State issues, paying his condemnation to the present administration, and speaking in high terms of the Republican party, strict integrity and patriotism of Gillett, whom he has known for twenty-five years. He spoke of the latter's service in Congress as rendered faithfully, honestly and with ability, without fear of favor or reward.

The speaker predicted the election of Gillett by a large majority and stated that the latter would assume the duties of the Governor's office untroubled, uninfused and unbridled by any clique or corporation and ready to do his duty influenced only by motives which would be for the best interests of the entire State.

When Senator Perkins arrived in Pomona today he was met at the train by a committee composed of W. M. Irwin, J. A. Lee, E. C. Bichoway, Albert Dole, J. T. Brady, Charles E. Walker, H. E. Kinney and H. G. Kinney.

C. W. BELL IN THE CITY.

SPEAKS ON BOYLE HEIGHTS.

Several hundred Non-Partisans of Boyle Heights gathered last night at the entrance of the old Masonic Hall, and listened to speeches by candidates and members of the party.

Joseph Simons, chairman of the Ninth Ward Non-Partisan Committee, called the meeting to order and introduced the speakers, among whom were Charles W. Bell of Pasadena, candidate for State Senator from the Thirty-sixth District; ex-Superior Judge Louis M. T. Collins.

Candidate Bell led by outlining his course, if elected. Bell stated that he favored the adoption of legislation that would facilitate the entrance of the Gould lines into California; direct primaries, and the maintenance of the free harbor for Los Angeles at San Pedro.

The most stirring address of the evening was made by ex-Superior Judge, a Republican. He sounded a warning against the danger of mistakes being made by voters in next Tuesday's election.

"Do not let the great number of names that will appear upon the ballot," he said, "be a great danger to the Republic. He sounded a warning against the danger of mistakes being made by voters in next Tuesday's election."

The Way to the Wealth of Greenwater.....Is Via.....

The Anaconda-Consolidated Copper Co.

AN IDEAL PROPERTY

The Company owns, free of indebtedness, five full claims located contiguous and, as shown by the accompanying map, immediately adjacent to the famous Clark and Schwab properties and the admittedly excellent holdings of Knight and Knox. On the adjacent Clark property, the most important development work of the Greenwater district has been performed, one shaft having been sent down nearly 370 feet, opening up bodies of ore 28 feet wide and carrying 35 per cent in copper and fine values in gold, while cross cutting is producing results equalling all expectations. This development absolutely proves the magnificently mineralized character of the section of the district in which the Clark, Schwab and "Anaconda-Consolidated" properties are grouped, bearing out the splendid surface indications of these properties, and showing that only adequate work is needed to make them generous producers of the rapidly appreciating red metal.

The property of the Anaconda-Consolidated is traversed by three large, clearly defined ledges, the larger of the three being over 23 feet in width in several places, and indicating huge copper deposits. The ore assays from 8 to 22 1-2 per cent in copper and carries good values in gold and silver also. After a careful inspection, the noted Prof. Fritz C. Ellender, M. E., from the School of Mines, Freiberg, Germany, pays the following high tribute to the "Anaconda-Consolidated" property: "I believe that you have an exceedingly valuable piece of ground, in fact ground with much better surface indications than the average Greenwater properties. In reference to development, beg to say that I would consider it advisable to sink a good sized working shaft on your main ledge, about in the center of the property. This shaft should easily prove up the existence of a great body of copper ore at a depth of less than 100 feet and such development should make your mine very valuable."

The high percentage of copper carried by the ore of the "Anaconda-Consolidated" promises to make it a phenomenal payer, as comparison with the percentages of the country's most famous copper producers will show.

CROKER SENDS A CABLEGRAM.

PAT MCCARREN LEADS BROOKLYN AGAINST HEARST.

State Senator is Opposing the Tammany Hall Bunch and His Action Challenges the Admiration of the Former Boss—Richard is Himself to Return to America.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Oct. 31.—State Senator Patrick H. McCarrren, leader of the Democratic party organization in Brooklyn, who is opposing Hearst, today

both are voice-worn from frequent outdoor speaking. But neither man's snow has dampened the enthusiasm of the crowds that have gathered everywhere to greet them.

Today Hughes began his day's tour from Oswego, where he spoke last night, and his train tonight reached Syracuse. Tomorrow he will close his day at Schenectady, and thence will return to New York for the final session of meetings at the city.

Hearst started from Rochester this morning for Niagara Falls. Snow and rain fell all along the line, and his falling voice obliged him to discontinue outdoor speaking. Tonight he appeared at five meetings at Buffalo, and tomorrow night he will be in New York City.

TAMMANY FOUND OUT.

WOODRUFF ON COLONIZING.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Oct. 31.—"If I may interest the public," said Chairman Woodruff of the Republican State Committee, "that within an hour I was handed a letter from a prominent man in this city who says that Tammany Hall has been discovered in its old trick of colonization. I referred the matter to the State Superintendent of Elections."

William Barnes, Jr., former chairman of the Executive Committee of the Republican State Committee, today said concerning the result of the Republican canvass by the committee: "Gov. Higgins's plurality above the Bronx was 160,000. I have not found anything to indicate a loss from that vote in more than thirty out of the 2000 election districts. My impression is that Hughes will come down with a Bronx with more than 200,000 plurality."

HEARST APPEALS TO COURT.

FIGHTING ELECTIONS BOARD.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, Oct. 31.—W. R. Hearst appealed directly to Judge Otto A. Rosalesky of the Court of General Sessions to take vigorous criminal action against the Board of Elections of this city for alleged criminal negligence in failing to prevent the loss or destruction of petitions filed with the board to nominate candidates of the Independence League. Judge Rosalesky at once consulted Dist. Atty. Jerome and together they decided to present the facts to the grand jury. Hearst's letter to Judge Rosalesky was accompanied by a number of affidavits.

Dist. Atty. Jerome, when seen after his conference with Judge Rosalesky, said: "Judge Rosalesky called upon me this afternoon with reference to the apparent theft of petitions of the Board of Elections, with the request that the matter go before the grand jury. He brought affidavits to me regarding the alleged theft, and after a conference, it was decided to submit the case to a magistrate, as the inquiry may involve an extended examination."

If therefore requested Magistrate Whittman who is not at present sitting in court, to sit and entertain these charges, if charges they be. If it is possible to draw the necessary papers, the matter will be submitted to Magistrate Whittman tomorrow."

NEW YORK, Oct. 31.—The Bryan

day gave out a copy of the following cablegram: DUNDREM, Ireland. McCarrren, Jefferson Building, Brooklyn. Congratulate you on many stand you have taken, win or lose. (Signed) RICHARD CROKER. McCarrren said he expects Croker to return to the United States as soon as election is over.

"Will he take any active part in political affairs?"

"I do not know," replied the Senator.

HEADING FOR GOTHAM.

HEARST AND HUGHES RACING.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, Oct. 31.—With election day less than a week away, the two candidates for Governor of New York are making their last speeches to the up-State voters and tomorrow will see both Hughes and Hearst headed toward New York, where the final struggle will be made. Their last swing around the circle has been made under adverse weather conditions, and

both are voice-worn from frequent outdoor speaking. But neither man's snow has dampened the enthusiasm of the crowds that have gathered everywhere to greet them.

A SUPERIOR MANAGEMENT

The management of the ANACONDA-CONSOLIDATED COPPER COMPANY OF GREENWATER, is one of the strongest among the mining enterprises of California and Nevada; it represents the essentials of proven integrity, successful experience and acknowledged financial responsibility. At the head of the company, as president, is W. R. Wheat, one of the creators of Venice, California, and Vice-President of the Bank of Venice. The directorate also includes J. L. Kallus, owner of the famous Kallus-Mohawk lease, of Goldfield, and one of Nevada's most successful mining men, and W. D. Wilson and H. T. Rudisill, prominent mining capitalists of Los Angeles.

The policy of the management will be one of energetic development on as large a scale as practicable, to the end that the company's property shall be made a producer, and the stock dividend paying as early as possible. Work has already commenced and a double compartment shaft will be put down immediately on the main ledge, the work being done under the supervision of the most capable, energetic engineers obtainable.

The strength of this proposition is shown by an offer of 50 cents per share already made for a controlling proportion of the company's stock. This offer was at once declined, the management being absolutely confident that early development of the property will show the stock to be worth many times fifty cents. A limited amount of stock will be sold for development purposes. This amount cannot be very large, because both surface indications and the results of operations on adjoining properties, make it practically certain that only a small amount of development comparatively will be required to make the "Anaconda-Consolidated" a splendid producer. As soon as funds sufficient to put the property in a producing state are obtained, the sale of treasury stock will promptly stop. At the rate the stock is selling this amount will be very shortly realized.

Observers of Atlantic City Tragedy Say Several Bodies Were Swept Out to Sea in Fast Running Tide—The Total Dead is Estimated as High as Seventy.

[BY THE ASSOCIATED PRESS—P.M.]

ATLANTIC CITY (N. J.) Oct. 31.—The third and last car of the Atlantic City wreck, which was lifted from the water late today. When placed on a derrick bank the car was in such a condition that it practically fell apart as its own weight. Chunks of Police Boat and a squad of officers made a diligent search for any bodies that might have been wedged in the car, but found none.

Mystery surrounds the non-appearance of several persons who were known to have been upon the train, and many indicate that their bodies are either held fast under the thick mud, or have floated down with the tide. The local officials say the total death list is sixty-two.

Some of those who were rescued from the train are inclined to believe that several bodies were swept down by the heavy tide and never recovered. It is said by some that the total loss of life is seventy. The Coroner's inquest will commence tomorrow morning.

FIRST SHOOTING AFFAIR.

Goldfield Miner is Severely Hurt in Initial Fight Near Walker and Assailant Escapes.

[BY THE ASSOCIATED PRESS—P.M.]

HAWTHORNE (Nev.) Oct. 31.—Charles Davis, a prospector from Goldfield, was badly wounded at Cottonwood Creek today in the first serious shooting affair that has occurred since the opening of the Walker Lake Indian Reservation. Davis was wounded while working his claim by a man known as "Bully" Lattimer, who made it escape to the hills, where he is now being searched for by the officers.

Davis, who was shot in the right arm, was shot in the right arm by a pointed revolver and ordered him to give up his claim. There is a sentiment here against claim jumper and should Lattimer be caught, it is believed that he will be roughly dealt with. It is believed that Davis is recovering.

The new towns at Cottonwood and Datchman are growing by leaps and bounds. In addition to the various kinds of stores, there are three saloons and gambling places that are running at full blast.

The desert country about Hawthorne is experiencing brisk showery, quite unusual things for this time of year.

It will be for the general public, an entertainment of music, and tickets will be purchased at the rooms of the society, No. 511 O. T. Johnson Building, Fourth and Broadway, or at the hall Saturday night. The society, which is doing a splendid work, is handicapped by lack of funds and members, having only 400 on the list. Two thousand could do a vast work, and it would cost them only \$2 a year each.

ATTEMPT TRAIN WRECKING.

BAKERSFIELD, Oct. 30.—Two probable attempts were made to wreck passenger trains on the Santa Fe Railway, near Tehachapi Mountain early Tuesday morning. Engineer Lier with a light engine running down the mountain found a pile of ties on the track west of Caliente. Had they not been discovered a wreck would have resulted. About 11 o'clock a similar obstruction was discovered between Edison and Treves. It is evident that an attempt was made to wreck a train, probably the Owl. No arrests have been made.

LAURIER WINS VICTORY.

LIVERPOOL (N. S.) Oct. 31.—The administration of Sir Wilfrid Laurier won a pronounced victory in a by-election held in the Queens-Shelburne district today, to fill the vacancy in the Federal Parliament caused by the unseating of Mr. Fielding, finance minister and Liberal leader in Nova Scotia, for irregularities committed by him against the general election. Fielding was re-elected by more than 1000 majority over Dr. W. C. Weldon, the Conservative candidate.

PUBLIC SERVICE.

SUMMARY OF THE DAY.

Manufacturers of artificial stone stated yesterday that they do not intend to drop their efforts to secure an amendment to the new concrete building ordinance. They will probably ask Monday for further legislation to protect their industry.

Forty elevator operators have been licensed by the Board of Examining Engineers, and another lot of candidates will be examined Monday.

Building Superintendent Backus has begun a campaign to clear the territory within the fire limits of all tents and canvas houses.

Contracts were let by the Board of Public Works, yesterday, to F. W. Whittier for the construction of storm sewers on Spring street and Broadway, from Third to Sixth streets.

Mrs. Stella Mollen yesterday applied to Judge Conroy to have the decree of divorce granted to her husband nineteen years ago set aside. The application is made to enable the applicant to obtain a pension.

F. P. Wilson, the erstwhile secretary of the Title Guarantees and Trust Company, who abandoned with considerable money, was before Justice Young for preliminary examination yesterday. He has been in jail since last July.

Guileppe Guagliardi and F. S. Stone bought adjoining lots and built cottages on a hillside. In a suit brought by Guagliardi, yesterday, he complains that Stone forced a retaining wall out of plumb by filling in with loose earth, and thus subjected his (Guagliardi's) house and lot to danger from winter rains. Guagliardi asks that Stone be required to construct a wall to resist the rains.

Yesterday, a verdict of manslaughter was brought against M. Contreras, who killed Angel Garcia at Pomona. The Contreras case hearing went over until tomorrow afternoon. A funny document—Capt. Cressey's birthday circular—will be introduced.

Mrs. Ethel Walsh and her sister, Miss Gertrude Toole, appeared before Justice Chambers, yesterday afternoon, charged with disturbing the peace. The hearing was set for tomorrow afternoon at 2 o'clock.

Daniel Kier and William Dillon were lightly fined yesterday—\$40 each—for petty larceny.

Melville Ricker, pass-key thief, was given a six months' sentence yesterday by Justice Chambers.

The trial of John Doak, son of a wealthy Riverside man, on a forgery charge, was continued to November 8, yesterday, by Justice Rose.

AT THE CITY HALL.
HOLLOW BLOCKS
STILL AN ISSUE.

MANUFACTURERS WILL ASK FOR AMENDED LAW.

Claim They Have Not Been Given Chance to Show Tests of Their Material—Building Superintendent Backus Would Allow Use of Artificial Stone in Two-story Structures.

The City Council has not reached the end of its troubles over the concrete building ordinance. The artificial stone makers propose to make a last fight for their position, which they claim is threatened by the passage of the new ordinance submitted at last Monday's session of the Council.

E. E. Yerga, superintendent of the Empire Stone Company, stated yesterday that while exact plans have not yet been formulated, it is not the intention of the artificial stone makers to submit finally to what he claims is most unjust treatment by the commission which prepared the ordinance.

Yerga stated that there has arisen a misapprehension in regard to Article C. P. Whittier's standing in the commission. Yerga states that he knows Whittier's constant support of the ordinance, and that he signed the general report of the commission under protest.

A point which the artificial stone men bring forth in regard to the use of their material is that some of the best buildings in the city have had their stone placed in their walls. Architect Parkinson, who was a member of the commission which framed the new ordinance, some time ago erected a block at Fifth and San Pedro streets which, it is claimed by the artificial stone makers, is composed mainly of hollow artificial stone; and other buildings planned by well-known architects have been erected on specifications requiring the use of this material.

The fact that the Temple Auditorium, probably the finest building of the kind in the West, has used the artificial stone is considered a strong argument in its favor.

It is probable the promoters of the hollow stone industry will submit a proposed amendment to the City Council at its next session. There are large concerns manufacturing this material in Los Angeles, and several small plants are scattered in various quantities. The larger firms are the Empire Stone Company, the California Concrete Block Company, the California Ornamental Brick Company and H. S. Haddell Company. These four concerns have more than \$100,000 invested in their plants and they give employment to fully 200 men.

Their claim is that this industry has been practically legislated out of existence without their materials even having been given the chance for a test. They are willing to submit these products to any test which the Superintendent of Buildings or the committee of architects may desire. All they ask is an opportunity to "show" the lawmakers.

Chief Inspector of Buildings Backus said, yesterday, that he believed the city might safely allow the use of the artificial stone or hollow concrete blocks in buildings not to exceed two stories in height, but that he would not favor the use of such material for taller structures. Backus said that in tests he had made the concrete blocks more than stood the required strain.

The claim of Architect Octavius Morgan, who seems to have dominated the commission which prepared the new ordinance, is that the artificial stone does not have sufficient binding power, and he states that at Palo Alto he saw where a building erected of this material had been thrown down by the April earthquake and not one course was left standing on another.

It appears that the provisions of the new ordinance will not prevent the use of these blocks if they are of solid construction; but the ordinance condemns their use in any exterior or interior exposed wall if they are hollow. The stone makers claim that their hollow blocks are superior to the solid ones, and that the ordinance really thus allows the use of the most undesirable blocks, while it condemns the superior materials.

by publication, and in the fall of 1886 Judge Gardiner granted a decree. But Mrs. Mollen contended that she never knew anything about the divorce proceeding. It was not until she applied for a pension that she learned that a divorce decree had been granted.

Mrs. Gibbs, the daughter in Iowa, and the son who lived with the father appeared before Judge Conroy yesterday—the daughter by deposition—and corroborated the statements of their mother.

Six years ago Edwin Mollen died at Bakersfield, and leaving no will, Attorney Paul Fisher was appointed administrator of his estate, which is worth about \$1000. The son had kept the property together. The second Mrs. Mollen came to this city after Mollen's death. No legal adjudication of the estate has been made.

By his second marriage Mollen had no children, but the widow is interested in the outcome of the present application, for if the divorce decree is set aside, she will be the wife and will have no claim on the estate. On the other hand, the first Mrs. Mollen will get her pension, if the application is granted, and will be able to claim her widow's portion of the estate. It is a decided battle, but not quite so hot as it first seems. The issue is from the second marriage.

Judge Conroy took the matter under advisement.

ALLEGED EMBEZZLER.
WILSON'S EXAMINATION.

After a long delay, Fred P. Wilson, the escrow clerk in the employ of the Title Guarantees and Trust Company, who is charged with absconding with a large sum of money belonging to his employers, was brought before Justice Young yesterday for his preliminary examination.

Wilson was credited with having taken nearly \$25,000. He was arrested in New York and brought back to this city. Since July 6 he has been confined in the County Jail and now is undergoing examination on a charge of having embezzled \$200.

It is claimed that Wilson while occupying the position with the Title Guarantees and Trust Company, indulged in manipulation on a large scale, but the particular item charged against him is in connection with a transaction with the Carbide Light and Heat Company.

C. R. Perry, manager of the Carbide Company, and David Brainard, a former manager and the person with whom Wilson had his first dealing, were both on the witness stand in connection with a real estate matter in which the Carbide Company had an interest. Wilson made out a check for \$500 and had it signed in the usual way by the manager of the Title Guarantees and Trust Company. This was a part of his duty, he having the authority to draw all checks in connection with his department, and they were then signed in the regular course of business. When Wilson handed the \$500 check to Brainard, the latter gave him a note for \$1000, and this note was retained until after Mr. Perry became the manager of the Carbide Company.

Mr. Perry withdrew the \$1000 note, of which had been given in exchange for the check, and \$400 being included to cover a future possibility of a note. Instead a note for \$500. These transfers were shown, and then, after E. W. Sargent, of the Title Guarantees and Trust Company had explained the duties of an escrow clerk in an abstract of the case, the hearing was adjourned until today.

Earl Rogers is counsel for Wilson, and the latter appeared quite cheerful in court, considering his protracted stay in the County Jail awaiting examination.

DOWN AS WELL AS UP.
HILL DWELLERS IN TROUBLE.

A residence on a hillside has its disadvantages as well as its advantages, and Giuseppe Guagliardi has learned this. He purchased a house perched on a lot on Yale street, the grade being about 60 degrees. Room for a foundation had to be carved out of the hillside.

When Guagliardi moved in, he began to beautify the place, and built a strong wooden wall, six feet high, along one side to prevent the house from carrying away the surface of his lot. F. S. Stone purchased the lot adjoining Guagliardi's, and he began to carry away the surface of his lot. Guagliardi has been suing Stone for continuing the beautifying of his lot, and Stone has been suing Guagliardi for the destruction of the wall.

It appears from the complaint made that Stone excavated part of the hill and built a cottage home. For some reason he was not content with the location of his cottage, and moved another part of his lot and moved his cottage onto it. The earth taken out to provide level terrace for the house he spread along one side of his lot, which happened to be the side adjoining Guagliardi's lot.

It is claimed that Stone has filled in his lot until there are only two feet of the fence showing on his side, and that he has a six-foot drop on his neighbor's side of the structure.

Guagliardi complains that the fence has been forced out of plumb two feet in places by the soft earth, and that it is destruction is certain. Furthermore, when the rains begin to fall, the earth on his side will be washed onto his land, surround his house and render desolate the beauty spot he has created. He asks the court to decree that Stone's earthworks are a nuisance and an obstruction to the free use and enjoyment of his property. It is further asked that Stone be required to erect a stone or cement wall to prevent the wash of the winter storms.

An Interesting Suit Sale
For Today and Friday

Interesting because at the very beginning of the season suits absolutely correct in style and faultless in construction are offered at greatly reduced prices. Interesting because the sale is conducted at Swelldom, the new Cloak and Suit Shop, already famous for its modest prices and square dealing. This lot of suits was bought from a factory who for various reasons HAD TO SELL. Needless to say the discount was liberal.

Practically every popular style and material is represented. There are Pony Polo, Prince Chap and all the other popular jackets; skirts are invariably cut full and plaited in various ways. In materials you will find all the new novelty mixtures as well as the staples.

The prices are reduced as follows:

\$25.00 Suits	\$14.65
\$35.00 Suits	\$18.50
\$40.00 Suits	\$22.75

... To the Ladies ...

A very large proportion of lot owners in Los Angeles are women; and we place great reliance upon their judgment. Locality, improvements, surroundings, neighbors, eligibility, present and prospective popularity, advance in values, building—all these things a woman's eye and mind take in just as they correctly sum up at a glance the salient points of the latest fashions. Call it intuition or what you will the fact remains that—in Los Angeles at least—the women are mighty good judges of real estate.

A great many lots in JEFFERSON STREET PARK have been sold to women who have invested after the most critical examination. They are very well satisfied.

We want the women of Los Angeles—those of them who have not already invested—to see JEFFERSON STREET PARK. We want them to size it up carefully from every point of view, for homes and for investment, on the basis of the best moderate price tract in Los Angeles; for this is exactly what it is.

Suppose you call us up, or better still, call in person, and we will be glad personally to conduct you over the tract; your best judgment will do the rest.

Lots \$575 and up; one fourth cash. It takes only \$200, more or less, to secure a lot. The balance may remain on very easy terms.

Mrs. Ethel Walsh and Gertrude Toole, who from Stockton on a recent morning called on the peace. The case, Mrs. Lenora Geo. Grand avenue, declared raised a disturbance and an effort to fondle a child. All parties concerned Justice Chambers yesterday afternoon, charged with disturbing the peace. There are charges, and ugly words to have passed between the complaining witness and the women claim their own defense and that the case should be dismissed. The judge, however, ordered that the case should be continued until tomorrow afternoon at 2 o'clock. Chambers. Sentences are pronounced when in the battle of words.

Ricker Gets, L. Melville Ricker, the aliases, was given the by law yesterday before Justice Chambers. The record of the man and he was convicted, testimony, Tuesday. Headed guilty to a charge of disturbing the peace. He was sentenced to six months' jail. When Ricker appeared yesterday he seemed to be in a very bad state of mind. He had anything to say about his case, but he did not utter a word. More trouble when he here as the Chicago man take charge of him. He Joliet prison, where an awaits him.

Escaped Burglary. Daniel Kier, whose bail from a heavy sentence, the father of a family, was yesterday by Justice Chambers. Kier, accused with Kier, the burglar, who had been given a life term. The man and his men were given a life term. The man and his men were given a life term.

Before administering Justice Chambers delivered judgment to the two men, and closed by saying:

"There is altogether stealing going on in the city. You have heard about it. You would take a chance. Believes there are extensive stores and therefore is a lenient. Had the charges been proved there is a possibility of a life term. Both would have had to serve a life term. A lesson for you, as if you again you are liable charge on this conviction."

In order to release Kier and Toole, the judge ordered that the case should be continued until tomorrow afternoon at 2 o'clock. Chambers. Sentences are pronounced when in the battle of words.

Forgery Case Continued. John Doak, the son of a wealthy Riverside man, was yesterday by Justice Chambers. Doak, accused with Kier, the burglar, who had been given a life term. The man and his men were given a life term.

by the grand jury for involuntary manslaughter in having brought about the death of a patient at the Receiving Hospital, was arraigned before Judge Trask yesterday. The proceeding was merely formal, and November 7 was the time set for plea.

CAR ACCIDENT. A. N. Adams is suing the Pacific Electric Railway Company to recover damages. Adams was in the collision that occurred at Ontario Park between a Sierra Madre car and a freight train, and claims to have had his ribs injured, his right arm broken, and to have suffered a severe shock. He was in the hospital for ten days, his illness, and X-ray pictures were taken of his injured arm. The plaintiff asks for \$10,000.

SENT TO JAIL. Richard O. Bradford and Arthur A. Rowe were allowed to plead to the petty larceny charges before Judge Smith yesterday, and were each sentenced to four months' imprisonment in the County Jail.

WEBB DIVORCE. Helen W. Webb was granted a divorce from Dudley A. Webb on the ground of failure to provide. They were married in 1888, in Ohio, and Mrs. Webb came to California two years ago. Her husband refused to permit her to return to him, and during the last two years had sent her only \$1. She is now living with Mrs. Cora Gleason, a married sister, at Pasadena.

ORDINARY CRUELTY. Mary A. Pearson was granted a divorce from Edward M. Pearson yesterday, on the ground of cruelty. They were married in January, 1902, at San Francisco. The husband, it appeared from the testimony, treated his wife with little consideration, and at times was actually brutal and beat her severely.

THE INFERIOR COURTS.
WOMEN FIGHT
OVER INFANT.

CHAMBERS TO GIVE SOLOMONIC DECISION FRIDAY.

Innocent Baby Appears in Court, and Gives Fall to Arouse Mother. Ricker, Smooth Pass-key Thief, Gets Limit—Kier and Dillon Escape With Light Fines.

Mrs. Ethel Walsh of No. 422 South Grand avenue and her sister, Miss Gertrude Toole, who recently came from Stockton on a visit, were arrested yesterday, charged with disturbing the peace. The complaining witness, Mrs. Lena Geer, No. 126 South Grand avenue, declared the two women raised an disturbance at her house in an effort to fondle a little baby.

All parties concerned appeared before Justice Chambers yesterday afternoon, but the intricacies of the case are such that the court and attorneys for the prosecution and defense decided that more time is needed to collect and prepare evidence.

There are charges and counter charges, and ugly words are alleged to have passed between defendants and the complaining witness. All three women claim their characters have been defamed and their reputations injured. The only warrants issued are for Mrs. Walsh and her sister.

The babe in arms, which figures in the case, is the child of Mrs. Walsh, who is separated from her husband. Mrs. Geer appeared in court yesterday with the baby, radiantly triumphant. The youngster cried lustily, but its evident distress seemed to have little effect on its mother, who appeared scarcely to hear the child. She glared angrily at Mrs. Geer, who she alleged has supplanted her in the affections of her husband.

There is a conflict between the police court and the Superior courts in the setting of the case against the two women. It appears proceedings will not be completed in the Walsh matrimonial troubles, which are being aired before Judge Trask. The case was set for Friday at 3 o'clock before Justice Chambers. Sensational developments are promised when the women appear in the battle of words.

Ricker Gets Limit.
Melville Ricker, the man of many aliases, was given the limit allowed by law yesterday when he appeared before Justice Chambers for sentence. The bad record of the man told against him and he was convicted on his own testimony. Tuesday afternoon, he pleaded guilty to a charge of misdemeanor. He had a set of skeleton keys on his person. He was given a six months' jail sentence.

When Ricker appeared in court yesterday he seemed to realize he was in the for a heavy sentence. Asked if he had anything to say in his own behalf, he merely shook his head and did not utter a word. He is facing more trouble when he leaves the jail here as the Chicago slouts will then the charge of him. He is wanted at Juliet prison, where an unexpired term awaits him.

Escaped Burglary Charge.
Daniel Kier, whose baby boy saved him from a heavy sentence by kissing the father in court, was freed 40 years ago by Justice Chambers. William Dillon, accused with Kier of breaking the seals on Southern Pacific freight cars and stealing merchandise, was given a like fine. The money was paid and the men were released.

Before administering the fine Justice Chambers delivered a severe reprimand to the two men, which he concluded by saying: "There is altogether too much stealing going on in the freight yards. You boys heard about it and thought you would take a chance. The court believes there are extenuating circumstances and therefore is disposed to be lenient. Had the charge of burglary been pressed there is no doubt but that both would have been convicted and would have had to serve a consequent heavy sentence. This must be a lesson for you, as if you appear here again you will be charged with a felony charge on this conviction."

In order to release Kier it was necessary for his wife to take a collection to secure the funds. Dillon's friends quickly came to his rescue. Both men will be given work today.

Forgery Case Continued.
John Doak, the son of a wealthy Riverside ranchman, has a penchant for uttering forged checks. He appeared before Justice Rose yesterday afternoon and asked for a continuance of his case. Doak is charged with forging his father's name to a check for \$50. This is not his first offense. The complaint against young Doak was issued October 25 and he was arrested here and charged with forgery. He uttered a check on the Citizens' Bank of Riverside and the name signed was that of his father, Thomas Doak. The father of the bank is the complainant. The case against Doak will be pushed. Though he has had every chance to reform, it is said Doak has persisted in breaking the law and has at last completely worn out the patience of his father, who has decided to allow his son to face the consequences of

Democratic Testimony.

Ex-Mayor Phelan of San Francisco, the Democrat who is fighting hardest for Bell, wires the Evening Express (Dem.) that the Labor Union party is opposed to Gillett "on his record."

True, every word of it. The whole gang is fighting and hating Gillett on his record—on his record as a truly independent man, refusing to bow the knee to the labor bosses or any other.

Tveltmoor, McCarthy, Ruef and the whole gang that made Schmitts Mayor are opposing Gillett "on his record."

This is excellent testimony from the Bell camp—a handsome acknowledgment from the enemy.

Case Continued.
Harry Quong, the educated Chinese boy accused of assaulting 13-year-old Mable Van Buskirk, appeared before Justice Chambers yesterday morning and his trial was set for November 3.

Trial Set at Last.
J. R. Sturtake, an employee of the Pacific Electric Railway Company, accused of stealing \$225 from Addie V. Smith, will have his preliminary examination Friday afternoon at 2 o'clock. Sturtake declares he is innocent and says the money was only borrowed. He asserts that he returned every cent to the woman some time ago. He is prepared to fight the case. He has been in jail for months awaiting trial.

FEWER DELIVERIES.
Rush of Mail Matter so Great There Are Not Enough Carriers to Distribute It.

So great is the prosperity in Southern California that it is almost impossible to get men to fill the vacancies in the postal service and where in the past there were more applicants than places as letter carriers, now word comes from Washington that the local civil service list from which these applicants are drawn is blank.

In consequence of this curious state of affairs Postmaster Flint announces in an official statement issued yesterday that it will not be possible during the next thirty days to give the carrier service this city is entitled to.

In his announcement, Postmaster Flint says that on account of the great influx of tourists and colonists the quantities of mail reaching Los Angeles has been increased to such an extent that it has been impossible for the letter carriers to take out on each trip the mails belonging in their districts. Continuing he says:

"The political mail is unusually heavy at this time, and this matter has been further increased by the mailing of immense quantities of sample ballots. It will not be possible for the carriers for the next thirty days, to give the usual service this city is entitled to, for the reason that sample ballots must be mailed for four successive elections which will take place within thirty days. After that the holiday business will commence, hence, unless additional carriers are authorized for this city, it will be necessary to curtail the delivery of mail."

The postmaster made a request October 6 for an increase of the carrier force. No reply has yet been received. Monday he telegraphed to the department, stating that the case was serious, and urged immediate relief, asking that the department telegraph authority for a special agent to immediately leave for Los Angeles and investigate the situation.

MISS BUNDY IS CAPTAIN.
Miss Sarah Bundy of Santa Monica, has been elected captain of the freshman girls' basketball team at Stanford. Miss Bundy entered the northern university last August, after graduating from the Girls' Collegiate School of this city. She is the sister of Tom Bundy, the local tennis crack, and is a good tennis player herself. Basketball is the most popular form of athletics among the co-eds at Stanford, and in gaining the leadership of her class team in her freshman year, Miss Bundy has secured a coveted honor. Miss Bundy is a member of the Gamma Phi Beta Society.

The explosion of the steam cylinder of a shearer machine in the dressing room of the woolen factory of S. Slater & Son of Webster, Mass., late Tuesday, caused the death of one person and serious injury to three others, while a score or more of others received hurts of a minor character.

Dangers From Dyspepsia.

Impaired Digestion Most Prolific Cause of Serious Disease.

Few people seem to realize the real dangers in disturbed, deficient or defective digestion.

While health experts do not give indigestion as a cause of death, yet it is in reality often fatal, as it so weakens the stomach that one becomes readily susceptible to an attack of typhoid fever, kidney disease, nervous prostration or other serious or fatal disease.

At the first symptoms of indigestion, Mi-o-na stomach tablets should be used. If there is a feeling of heaviness in the stomach, distress after eating, nervousness, dizziness, nausea, headaches, sleeplessness, pains in the side and limbs, specks before the eyes, or a peevish, irritable condition, with debility and weakness, begin the use of Mi-o-na at once.

It will build up the stomach and digestive organs so that you can eat anything at any time without fear of distress or indigestion.

A 50-cent box of Mi-o-na tablets will, in most cases, give prompt relief and cure, although in chronic and long-standing weakness of the stomach, two boxes or more are sometimes needed, but we guarantee Mi-o-na will cure, in all cases, no matter how chronic or serious, or money will be refunded. You run no risk whatever in buying Mi-o-na.

WIFE SLAYER HOLDS CITY POLICE AT BAY.

[BY THE ASSOCIATED PRESS—P.M.]

PASO (Tex.) Oct. 31.—Three bodies are in the morgue and two wounded persons in the hospital as the result of a murder here this afternoon, followed by an exchange of shots between the murderer and policemen.

Manuel Rodriguez killed his wife when she returned home and found him in company with another woman, Rodriguez and Chana Ramirez, the woman with him, were killed, and City Detective George Harold and Jack Glover, a negro, wounded in the fight that ensued.

The fire department was called out and dispersed the excited crowd that had collected by pouring water on it from a hose.

After shooting his wife Rodriguez, who was a restaurant keeper, barricaded himself in his place of business and when the officers arrived he met them with a volley from a magazine revolver.

The entire police force was summoned, and a number of citizens joined in the fight against Rodriguez. After a battle of nearly an hour the police succeeded in entering the building, Rodriguez was found dead, bullets having pierced his body in three places.

Jack Glover, the negro boy who was wounded, was shot through the body by a stray bullet while walking on another street fifty yards from the scene of the shooting. He cannot recover.

It is believed that several hundred shots were fired before the officers finally attempted to gain admittance to the restaurant.

FOUGHT THE POLICE.

Emma Goldman Leads Crowd of Anarchists Who Were Glorifying Czars to Arrest.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Oct. 31.—[Exclusive Dispatch.] In the midst of an excited harangue in Yiddish, when the speaker was glorifying Czars, the assassin of President McKinley, before an audience of more than a thousand sympathizers in the Manhattan Lyceum, last night, detectives sprang to the stage and arrested Julius Edelson, 26 years old. In an instant, the hall was in an uproar.

Led by Emma Goldman, who shouted "Down with the police!" an attempt was made to rescue the prisoner. For such an emergency the police had prepared, and besides Capt. Shaw of the Fifth-street station, with a squad of men, was Roundman Book of the Eldridge-street station with a dozen more policemen and detective sergeants from headquarters.

EMMA GOLDMAN IN TOLLS.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Oct. 31.—Emma Goldman, five other women and five men, all of whom are alleged to be anarchists, and who were arrested last night for alleged violation of the section of the penal code which prohibits "unlawful assemblies for the purpose of throwing over the government," were arraigned in police court today and held in \$1000 bail, each for further examination. Morris Berkowitz, who was arraigned on a charge of attempting to incite a riot at the time the arrests were made, was sent to the workhouse for six months.

RIOT IN TUNNEL.

Forty Foreigners Under East River, Indulge in Fatal Melee—Many Injured.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Oct. 31.—[Exclusive Dispatch.] One man was fatally hurt, and more than a dozen others received injuries, in a riot last night in the Belmont tunnel under the East River, in which forty workmen, nearly all foreigners, took part.

The riot started in a quarrel between two of the workmen.

BLACKMAILER SENTENCED.

ACCESSORY IS FINED.

[BY THE ASSOCIATED PRESS—A.M.]

CHICAGO, Oct. 31.—A dispatch from Racine, Wis., says that Frederick Stocking and Hiram Miller, two Milwaukee clerks who on September 15 wrote a letter to Mrs. Richard Robinson, wife of the secretary of the Case Threshing Machine Company, demanding that she deposit \$20,000 in the First National Bank of Chicago and threatening the lives of Mrs. Robinson, her husband, son and daughter, yesterday decided to plead guilty and be sentenced. Both had intended making a defense in the Circuit Court November 13.

Stocking pleaded guilty to the charge of blackmailing and was sentenced to serve eighteen months in the State prison at Waupun, while Miller, who was charged with being an accessory to the fact, pleaded guilty and was fined \$50 and costs, which were paid by his father-in-law, James Richards, a well-to-do resident of Omaha.

STOP SUSPECTS AT DOCK.

QUEER CHARACTERS ARRESTED.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, Oct. 31.—When the steamship Spokane arrived in the harbor last night a corps of customshouse officials boarded her and immediately placed under arrest G. C. Hart, the second steward, and W. B. Bird, the second butcher, of the vessel, on suspicion of smuggling. Another man who is supposed to have played an important part with the alleged goods was taken from the vessel when it reached Seattle from points further north. This man is said to have made a complete confession, and the Federal authorities are likely to make several arrests today.

William Malloy, Middle Daniels, George Mitchell and O. D. Rottel were also taken from the steamer upon her arrival last night by Police Sgt. Rose and are held on the detention hook at the harbor Police Station. Three of the men are said to be well-known criminals from the East.

NO CHANGE OF VENUE.

HERING'S DEMAND DENIED.

[BY THE ASSOCIATED PRESS—P.M.]

CHICAGO, Oct. 31.—The application of Henry W. Hering, formerly cashier of the Milwaukee Avenue State Bank, of which Paul O. Stensland was president, for a change of venue from Cook county was denied today. The trial will now proceed, and the selection of a jury was commenced late today. The charges against Hering are forgery and embezzlement.

STAY OF EXECUTION.

TWO MONTHS FOR MURDERER.

[BY THE ASSOCIATED PRESS—P.M.]

ST. LOUIS, Oct. 31.—Because of the illness of Attorney Wilfred Jones, counsel for "Lord" Frederick Seymour Barrington, convicted of the murder of James P. McCan and under sentence of death, another stay of execution has been granted. Sixty days has been allowed for Attorney Jones to transmit the transcript of the case to the United States Supreme Court.

Barrington has been confined in the Clayton (Mo.) jail for about three years.

CRIME BRIEFS.

Inspector Not Guilty.

CHICAGO, Oct. 31.—Police Inspector Patrick J. Lavin today was declared not guilty by the Civil Service Commission of charges brought against him by Chief of Police Collins. It was alleged that he had connived at a burglary and had afterward arrested the thieves in order to make a show of efficiency to aid him in securing promotion.

Forced to Give Up Gold.

MUSKOGEE (T. T.) Oct. 31.—At Russell, twenty-five miles south of here, two armed men called H. G. McGee, a farmer, out of his bed at his home there early today and forced him to divulge the hiding place of \$2300 in gold, according to a dispatch received at the United States Marshal's office here. The robbers, it is said, placed the money in bags and escaped to the hills, leaving no clew.

Accused of Murder.

SAN FRANCISCO, Oct. 31.—Ralph Scanlon and Louis Taylor, alias Howard, were charged this afternoon with the murder of Johannes Proffner, Capt. Duke and his men say they have a complete case against the pair. Most of the evidence has been secured from Samuel Gordon, a traveling salesman, who has known Taylor intimately for fifteen years and could not be mistaken. He was located in Angles Camp by Detective Matthews yesterday.

[BY THE ASSOCIATED PRESS—A.M.]

ARGENTINE (Kan.) Oct. 31.—The presence of mind of Gertrude Williams, teacher of the seventh grade in the Emerson public school here, prevented a panic and probable loss of life when she forced the children in her room to march from the building in order, instead of rushing out pell mell when an alarm of fire was given. The furnace had set fire to the rafters in the basement and when smoke began to roll into Miss Williams's room the children made a dash for the door. The teacher promptly stepped ahead of the frightened children, blocking the doorway, and raising her pointer threateningly, gave the command: "Form in line."

The children forced her against the door jamb and she was severely

bruised, but stood her ground. After a moment's hesitation the children

remembering their fire drill, obeyed.

"Here, Ernest," cried the teacher, "you go downstairs and beat the drum while we march out in order."

Ernest Maxson, 15 years old, who beats the drum for the drill every day, ran to do his bidding. He beat it steadily, in perfect time, while the

33 pupils and teachers from the various rooms marched down the stairs and out of the building. All reached the street in safety. The fire loss was

trivial.

The fire drill was adopted after the burning of the Iroquois Theater in Chicago.

White Plains Victory.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Oct. 31.—Amid the waving of flags and cheers from 8000 people the monument commemorating the battle of White Plains, on its one hundred and thirtieth anniversary, was dedicated yesterday in that town. The Village Park Association erected the monument on the spot that marks the battleworks of Gen. Washington. The stone is of granite, and the tablet of bronze. On the top of the stone is the old mortar cannon dug up near the spot. The inscription reads as follows: "This mortar marks the final stand of Gen. George Washington at the end of his long retreat; the abandonment of Gen. Howe of his purpose to capture the American army, and the revival of the hope for national independence."

Over two thousand children took part, and several Grand Army posts assisted.

[BY THE ASSOCIATED PRESS—P.M.]

HARTFORD (Conn.) Oct. 31.—With jubilee exercises given by the presidents of the State organizations, the national convention of the Women's Christian Temperance Union, which has been in session here since last Friday, was brought to a close tonight.

In point of numbers and volume of business transacted the convention is a record breaker. The adoption of a number of resolutions, among them one asking President Roosevelt to mention in his annual message to Congress the liquor traffic as "one of the evils that menace our nation," together with a number of other recommendations of various interest, were among the features of the day's proceedings.

At the jubilee exercises tonight the prize membership banners were presented.

Removal Sale News

Following our announcement of last Sunday, great interest has been manifested by the public in this removal sale of ours. And with good reason. We have been known as conservative merchants. There has never been any "specializing" at this store; values have always been good and exactly what we said they were. For this very reason the response to our announcement was heavy—the public realized that statements emanating from a concern of this character can be relied upon. Visit the store today. Here is your opportunity to get reliable furniture at less than its real value.

Square, 6-foot extension table, in weathered oak, mission finish, with turned legs, very ornamental. Another at \$16.00 is a round table in highly polished golden oak, with pedestal base. This table is the same size as the mission table and has been selling at \$20.00.

\$17.00 Regularly \$20.00

This is a round table in massive weathered oak. It measures 6 feet across and has a very handsome pedestal base. The lines of this table are excellent, and it is an extra nice piece of wood—just suited for a simple mission dining room.

\$22.50 Regularly \$27.50

At \$22.50 we have a round 6-foot table in weathered oak. This table is very strongly made and has a very graceful cluster pedestal base. It was an exceedingly good value at its regular price, \$27.50. Do you realize that we are now selling it at practically 20 per cent. off.

\$23.50 Regularly \$30.00

This is a very desirable square top table, 6 feet across. It comes in highly polished golden oak, with heavy claw footed pedestal. It is a very beautifully finished piece of furniture, and will harmonize with any handsomely furnished dining room.

Regularly \$30.00

These descriptions represent just a few tables taken at random from our immense stock. They will give you an idea of its character, and of the range of reductions this sale offers. Every table in stock must be sold. Here is an opportunity to furnish your dining room economically.

World's Greatest

PIANOS

With music-lovers, mention of the world's best piano means Knabe. The Knabe Piano knows no rival, recognizes no competition. The perfection of the Knabe is the result of nearly three-quarters of a century of unremitting experiment and intelligent toil on the part of three generations of Knabes. All that money, brains, art and industry can do has been and is being done to keep the Knabe in its unassailable position.

EVENTS IN LOCAL SOCIETY.

CHARMINGLY pretty was the wedding last evening of Miss Adelaide Pierpont Rea, daughter of Mrs. Mary Rea of Boston, to Herbert Moore Worcester, late of the same place. The marriage took place at the home of Mr. and Mrs. C. E. Woodside, No. 417 Park View avenue, and Rev. Baker P. Lee of Christ Episcopal Church officiated.

The groom is a son of Mr. and Mrs. Henry E. Worcester, prominent and wealthy people of Boston, and they came here a few days ago to attend the nuptials. The groom came here eight months ago, and is in business. The bride is a lovely blonde, and with her mother, came here a few weeks ago to be married.

The home presented a scene of

a talented member, will give vocal numbers, and there will be a reading on "How Grandmother Danced the Minuet." The bride and groom will be decorated the rooms, and spinning wheels here and there will add an old-time flavor.

Baraca Festivities.

The members of the Baraca class of the First Methodist Episcopal Church enjoyed a hilarious time last evening. The members were carried in two huge hay wagons to Eagle Rock Valley, where in a large farmhouse and on the grounds surrounding there were some "fall" doings. J. B. Evans was toastmaster, and Judge Curtis D. Wilbur told of "A Judge's Experience with Lunatics"—a harrowing recital, in the dead of night.

The following toasts were given at the feast served: "Harvest Time," Bryan C. Hanna; "Baraca Work in Los Angeles," Rev. T. C. Horton; "Clodhopper's Reminiscences," Oliver O. Clark; "Nulturn Nomen," Charles E. Williams; "Our Girls, The Bitter Half," George Bradford; "Novel Dissolution," Samuel H. Harkness; "The Throat," McClain; "Around the Campfire," Elliott H. Barrett; "Bachelor Life," R. H. Blakesley; "Just for Fun," S. S. McCullough; "Up a Tree," William E. Stayton; "With the Shades," D'Alton V. Hamilton; "Finale," Prof. Charles M. Carpenter.

For Miss Holmes.

In honor of Miss Mary Holmes, who is soon to be a bride, Miss Grace Van Alstyne of the Wilhelm Apartments entertained the members of the Sigma Delta Club with a matinee box party at the Orpheum. A luncheon at Christy's followed, and at this time the hall was decorated in true Halloween fashion.

Miss Federman's Invitations.

Invitations have been issued for the wedding of Mr. and Mrs. S. S. Federman of No. 825 South Alvarado street, to Samuel Harkness, the ceremony to take place on Thursday afternoon, November 8, at 3 o'clock in the afternoon, Rabbi A. W. Edelmann officiating. It is an interesting fact that Rabbi Edelmann is the clergyman who united Miss Federman's parents in matrimony in 1882. Misses Eva Danziger, Lulu Mendelson and Sara Goldberg will act as bridesmaids and Charles Federman, an uncle of the bride, will be the best man.

At Miss Allen's Home.

At the home of Miss Florence Allen of No. 4229 Budlong avenue a jolly dancing party was given last evening by members of the Delta Pi Sigma Sorority. Lavender and purple, the sorority colors, were utilized in the house decorations and one of the unique features of the evening was the music furnished by a minstrel orchestra. Members of the sorority who were present with their escorts included: Misses Elsie Behmyer, Edith Behmyer, Georgia Sparks, Edith Bailey, Mildred Neiswender, Albertina Boyer, Alda Danziger, Jennie Hearty, Ruth Morris, Adna Augur and Kate Isaacs.

Dinky-Dinks Entertained.

Miss Joanna Maloney of No. 527 Prospect place was hostess last evening at a pretty Halloween party given for the members of the Dinky Dinks Society and other friends. The house was smart in its crisp deckings of green leaves and bright scarlet flowers, and late after the games a supper was served characteristic of the season. Guests were: Mr. and Mrs. Steadman, Mrs. A. O. Richardson, Misses Maud Kay, Rose Cook, Beulah Kirby, Mabel Brown, Helen Bosbyshell, Mabel Shedy, Mabel Damer, Mary Delaney, Frances Holney, Margaret Maloney.

Miss Sara Federman and Samuel Harkness, who will be married on the eighth instant.

beauty, draped with garlands of soft amaranth and palms. Snowy white chrysanthemums formed an effective background for the pretty ceremony. Palms, pink and white chrysanthemums, and carnations were used throughout the house. The bride was beautiful in a smart wedding gown of white crepe de chine, made princess, and trimmed with lace, with which was worn an exquisite veil of soft old lace. She carried a shower of lilies of the valley. Mrs. Albert J. Bowen, sister of the groom, who was recently married here, was attired in black lace, made dekollet, and stood with the couple. Mrs. Rea, mother of the bride, wore black lace, and Mrs. Worcester, mother of the groom, was in white lace and diamonds.

The couple will make a trip to Catalina, and on their return will be at home in their cozy bungalow in Glendale, at No. 6206 Eldon street, after January 1.

For the Misses Maas.

Mr. and Mrs. E. A. Maas entertained with a charming little dance at the San Gabriel Country Club, in honor of their daughters, Misses Gertrude and Ida Maas. After the dancing, a supper was served in the flower-decked dining-room.

Guests for the evening were: Misses Gertrude and Ida Maas, Reed, Kitty and Marjory Clover, Cope, Donahue, Fisher, Vedder, Ireland, Gertrude Ireland, Dutton, Toogy, Watkins, Hannon and Stokes and Messrs. Lynch, Machin, Richards, Frank Richards, Mayhue, Hovary, Fanning, Hamilton, Garvey, Mallman, Blower, Garner, Butler, Hannon, Watkins, Barnwell, Yeland, Byron and Otis. Mr. and Mrs. O. E. Kaiste assisted in entertaining.

Auto Trip North.

Mr. and Mrs. W. P. Story of this city, accompanied by Mrs. Pearl Arbuckle and Cary W. Parsons, arrived in San Francisco, having made the trip up the coast in five days. The travelers report an enjoyable trip.

Gallaude's Go to Beach.

Mr. and Mrs. Bayard Gallaude, who have been the guest of Mrs. Gallaude's father, Mr. Bayard of Hollywood, have gone to Ocean Park, and are on Hart avenue for a few months. Later they will take a home here for the remainder of the winter. Mrs. Gallaude was a popular girl here before her marriage two years ago, and made her home in the North until the fire and earthquake there.

Louise Hill Recital.

Miss Louise Nixon Hill has selected an excellent list of patronesses for her recital this evening at Garnet Club Auditorium. The names include many who are in the social whirl, among them being: Misses Hancock, Manning, William Sayle, J. D. Bethune, F. W. Braun, Richard Bundren, Robert J. Burdette, Josephine E. Butler, M. J. Connell, Joseph A. Cull, C. C. Carter, George A. Caswell, E. P. Clark, J. Ross Clark, Joseph Evans Cowles, A. L. Danekin, Jeanne W. Denno, Stephen W. Dorsey, Charles R. Drake, E. T. Earl, C. N. Flint, J. T. Fitzgerald, Frank Flint, W. M. Garland, R. H. Herron, W. L. Graves, J. W. Hendricks, A. J. Howard, Godfrey Holterhoff, Sumner P. Hunt, P. G. Hubert, Jack Jevne, F. O. Johnson, Melville M. Johnston, O. T. Johnson, Mary Hurland Kincaid, H. T. Lee, W. T. Lewis, Ida B. Lindsey, Walter Lindsey, A. L. Macleish, Hugh Macnell, J. J. Mellus, Cosmo Morgan, George A. Parkyn, Alice K. Parsons, J. H. F. Peck, Ford K. Rue, Willoughby Rodman, Edgar L. Swaine, John L. Stearns, C. N. Stier, Albert M. Stephens, Mark Sibley Severance, Cameron E. Thom, W. D. Turner, C. D. Vele, J. V. Vickers, A. G. Wells, Olin Wellborn, W. L. Moynie Wells, J. Fisher Williams and W. D. Woolwine.

Y.W.C.A. Festivities.

"A Grandmother's Evening" is the programme promised for this evening's fun at Young Woman's Christian Association. An entertaining programme has been prepared. Mrs. Mary P. Haines will read a paper on "What Our Grandmothers Read, and Mrs. George Rice's "Their Methods With Us," will doubtless prove instructive as well as amusing. Mrs. L. J. Selby,

VANITY
From time immemorial moralists have railed at the vanity of woman. Here is a woman, and a beautiful one at that, who says that vanity is an imperishable instinct; that vanity, like love, is one of the great forces that makes the world go round; that to be vain is a duty to humanity and an essential of success.
It's an original view; what is your opinion?

UP MAN

Curable if the

Them

We know how to treat chronic diseases successfully. For over a quarter of a century we have been curing chronic disease in all its various forms. Our methods are practical and scientific—no guesswork, no visionary theory, no treating of symptoms; our methods attack the cause, remove the cause, the symptoms abate, the patient recovers his normal health. The long experience of our physicians in treating chronic disease has brought them knowledge which is their secret of success. The thousands of cures made by our physicians testify to their knowledge and ability. Hardly a day passes that people do not come to us saying, "You treated and cured a friend of mine. The curing of that person has brought us to you for treatment." Our work is our best advertisement. Our physicians are painstaking, careful, know no such word as fail when a case is brought to them. Remember, therefore, that when you are honestly believe the case curable, no matter what the nature, our Pelvic Methods insure every Prostatic Trouble, Varicocele, Kidney disease, etc. The course of treatment, which acts at once in draining and replacing the worn-out and inflamed glands, healthy flesh and muscles and nerves with fresh vitality, building the sufferer into a type of perfect man.

SOCIETY.

(Continued from Seventh Page.)

parents, Mr. and Mrs. C. Y. Pien Pien, of No. 128 West Thirty-first street. The home here was effectively decorated with ferns and great clusters of white chrysanthemums. The bride before her wedding occupied a position of responsibility in the Broadway Department Store, and was beautifully remembered by many of the employees. From Arthur Letts, owner of the store, she received an elegant set of silver, with a charming letter of good wishes and congratulations. The bride and groom left yesterday afternoon for a trip up the coast and will from San Francisco go to El Paso, where the groom is engaged in business, to make their home. This fair bride before her marriage was honored with many delightful affairs, and among others was a kitchen-apron shower, given by Mrs. H. L. Miller, of No. 807 West Pico street, at which about twenty-five of her girl friends surprised her. Late in the evening, a fainty feast was served from a table laden with roses.

Mrs. Lemon's Halloween Party.
Mrs. U. S. Lemon, of No. 225 West thirty-ninth street entertained twenty of her friends with a jolly Halloween party last evening. The usual Halloween games were played and the house was decked in true Halloween style. Several grinning Jack O'Lanterns were placed on the porch and a

basket made from a pumpkin was filled with shining red apples, and occupied the center of the dining table. Red carnations and red candles further decked the table. Each guest, after peeling his apple, threw the parings over their shoulders, and the letter formed told whom their fate would be.

Miss Hitchler Honored.
In honor of Miss Beth Hitchler of Wilkesbarre, Pa., Misses Lines and Love Lines of Occidental boulevard gave a Halloween party last evening. All the decorations, favors and games were of Halloween character, and those who enjoyed the affair were: Dr. and Mrs. W. W. Richardson, Mr. and Mrs. Basil Guy Baldwin, Mr. and Mrs. Harry Folkensson, Mr. and Mrs. Frank Nixon Coffin, Mr. and Mrs. Percy Hamblin McMahon, Mr. and Mrs. Spoor Mackey, Mr. and Mrs. Edward Fryer, Mr. and Mrs. Frank O'Connor, Mrs. W. E. De Groot and Misses Gunter, Jessie McGraw, Gladys McGraw, Lines and Messrs. Gunter, R. B. Dickinson, Frank Norbert, H. Dryden, Nathaniel Stevens and Dr. E. Wiley.

"Tangle Riddle" Is Feature.

At the Halloween party given last evening by Miss Louise Hartzell of No. 407 Woodlawn avenue, a unique part of the entertainment was the "tangle" riddle, presented in form of a tangle and to be solved by the cleverest guesser. There were other games and progressive talking contests, which kept the young people busy. The house contained decorations of red and yellow chrysanthemums and ferns and cobwebs, and brooches supporting witches were suggestive. A witch was served from a hollow pumpkin, and pies, apples and sandwiches were served. Mrs. E. Dorn in a gypsy camp told wondrous fortunes. Guests for the evening included Mr. and Mrs. Charles Lehman, Mr. and Mrs. Wesley Sprague, Mr. and Mrs. John Barre, Misses Grace Bird, Georgia de Silva, and Misses Norma Elder, Olive Peacock, Georgia Langley, Vall Meeker, Edna Burke, Hazel Burke and Messrs. Frank Montemery, E. E. McDonald, and Allison Ward Heller, Meeker, Howard J. Case, Jean Van Trees, Mallin M. Massey and Dr. Loren Hollingsworth.

For Young Friends.

Their young friends were entertained at a Halloween party Tuesday evening by Arthur and Ethel Taylor, at No. 12 West Pico street. Games appropriate to the season were played by the guests, and Halloween refreshments were served, apples, nuts and candy. Those present were Florence Stewart, Florence E. Stuart, Mabel Binder, Florence E. Fleming, Rose Rothfod, Howard Taylor, Ernest Berkenbender and Harry Berkenbender.

Notes and Personalities.

Mr. and Mrs. Cateby Thom have returned from San Francisco and Mr. Thom will be at home on Thursday during November.

Dr. and Mrs. F. K. Dickinson have gone to San Francisco for a short visit.

Mrs. Elizabeth M. Burrows of Fort Wayne, Ind., has concluded to make Los Angeles her home. Her daughter, Miss Esther, and son, Morgan S. Burrows, are here with her, and her husband will come later. They have taken the residence, No. 1123 Hoover street, at the junction of Twelfth, Grand View and Hoover.

Mr. and Mrs. Abner L. Ross are expecting their niece, Miss Flora Harter, of Chattanooga, Tenn., to arrive this week to spend the winter with them. Miss Flora is a young lady, yet in her teens, a blonde, and will be attracted to the attractions of Alvarado society.

Mrs. Frank Ogilvy Wood of "Woodburn," Alhambra, will receive informally every Sunday afternoon, thus throwing open a charming home to her many friends.

Mr. and Mrs. Charles F. Noyes of No. 1811 Toberman street, have returned from a four months' trip through Europe. Mrs. Noyes will be at home on the first Wednesdays. Mrs. Franklin L. Chase, Jr., who has been staying at the Mariposa Hotel, Alhambra, for the past month, is entertained with bridge whist on Thursday. The guests were Mrs. W. C. Prepared--Not Manufactured

Ghirardelli's Ground Chocolate is prepared, not manufactured. There's a difference. It is made by Nature and prepared by Ghirardelli.

The Ghirardelli process simply renders available all the natural goodness of the cocoa bean. That's why it is so pure, delicious, satisfying and health-giving, and that's why everybody likes it so well.

Ask your grocer for it.
Be sure that you get it.

EXHIBIT FINDS FAVOR.

And California's Products May Be Seen at Atlantic City for Year Longer.

So great has been the attendance at the exhibit of the Chamber of Commerce on the board walk at Atlantic City, N. J., and so well has it kept up that at a meeting of the Chamber of Commerce yesterday afternoon, it was decided to continue the lease of the building for one more year.

It was stated by A. B. Cass, chairman of the Committee on Expositions, that the Chamber of Commerce had already visited the exhibit and that, although the season at Atlantic City was over, the attendance had fallen off very little. Over two tons of Southern California literature have been distributed at this exhibit. The following named were admitted to membership in the chamber yesterday: G. W. Hoover, president National Bank of Hollywood; Harry C. Archer, president Hugh B. Rice Company; George W. Perkins, secretary of that company; Paul Kressbach, Southern Western Oriental Iron Works; Los Angeles Cooperative Company; Pacific Engraving Company; Adolph J. Pitter, John H. Saunders, J. A. Bowden, J. R. Lewis, H. H. Townsend, James A. Walker and J. T. French.

VANDALISM PERPETRATED.

Halloween Tricks Carried Too Far. Gates Stolen and Houses Smeared With Tar.

Riotous boys, who followed out the modern idea of observing Halloween, made plenty of trouble in Los Angeles last evening. In the olden days it was supposed that the spirits of the dead appeared and people went forth with fear and trembling. Nowadays they also go forth on the night of October 31 in fear and trembling, but the dread is of something more material than ghosts.

In many instances the pranks were harmless. A few sincerely uttered expressions of strength on the parts of the victims usually came at their climax. Giggling boys crouched behind shelters while pedestrians walked across stretched strings, and so tipped over buckets of water. In such in-

stances the extent of the damage never exceeded a wet pair of shoes and lacerated feelings. But that sort of thing wasn't the extent of the fun seeking. Older boys--some of them youths who ought to be in jail--threw stones through windows and stole gates. All sorts of vandalism was perpetrated, and demonstrated the fact that this city has far too few policemen. What men there are on duty at night worked hard, and a number of arrests were made where the cases were aggravated. In the residence districts many out-buildings were turned over and houses smeared with pitch and mud. In Sanborn town an outraged Slavonian fired five shots at boys who were stoning his house. No one was hurt.

GRAFT AS OLD AS ABRAHAM.

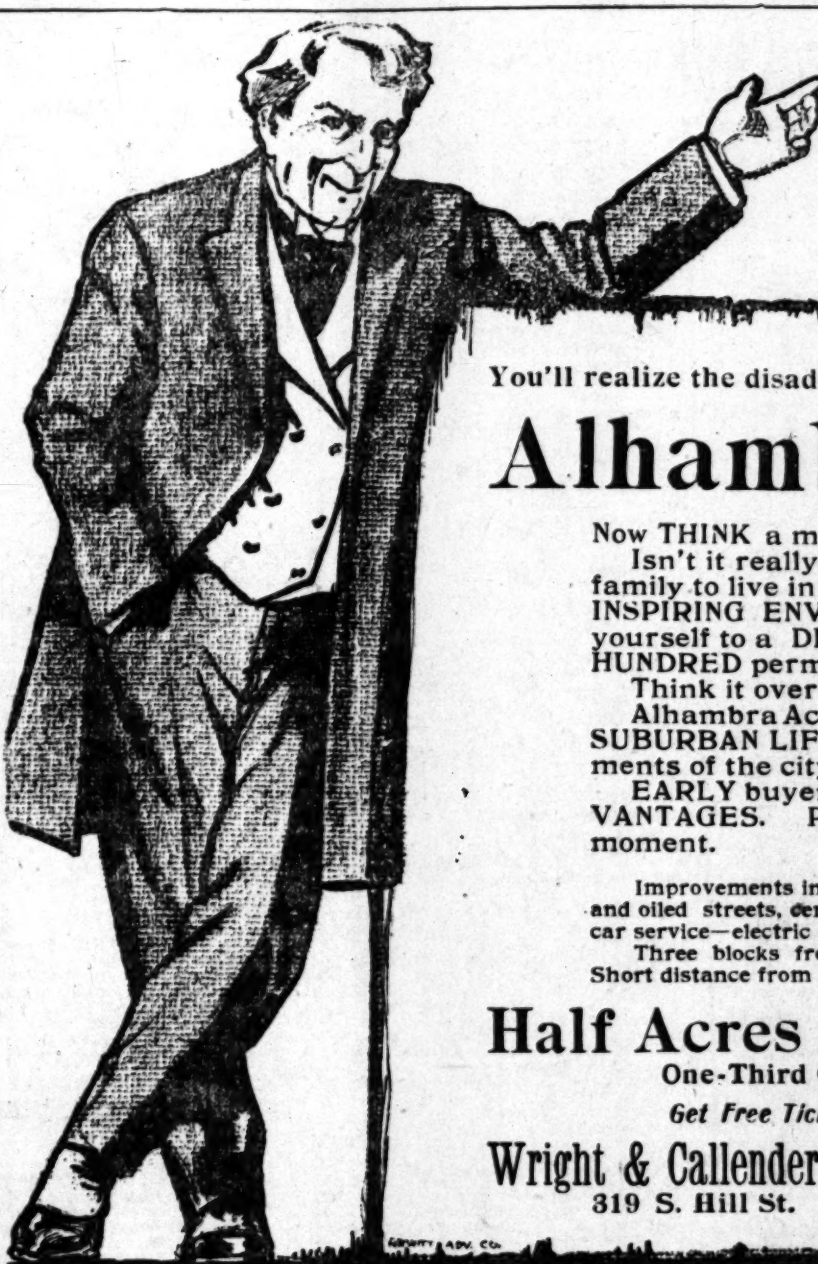

"GET-RICH-QUICKSTERS" OF ANCIENT HISTORY.

Professor Would Prove by Archeology That Modern Game Was Worked in Days of Hammurabi, King of Shinar, Who Stole a Whole Month.

[BY THE ASSOCIATED PRESS--A.M.] CHICAGO, Oct. 31.--That "graft" is an institution which dates back to the time of Abraham was the conclusion of Prof. Albert T. Clay of the University of Pennsylvania, who produced photographs of archeological discoveries to uphold his theory before the American Bible League conference at the Y.M.C.A. auditorium last night. Hammurabi, King of Shinar, and King of Babylon were the first men to uncover graft, according to the inscriptions which have been deciphered by experts. Just what form of graft was practiced in the days of old is not told in the tablets which have been unearthed, but it is disclosed that Hammurabi wrote to one of his governors that bribery had been charged against him by an individual and asked for an investigation of the case. If he found the charge true, the governor should return the prisoner to him and also that which had been taken in bribery.

Another interesting letter of Hammurabi to one of his governors indicated that the King had become tired of waiting for a game with the Santa Monica High School organization. The Santa Monica basketball team is looking for a game Saturday. Redondo may decide to come, but this is not certain. The new baseball team is likewise arranging to entertain an amateur nine from Los Angeles on the Southern Pacific park diamond here Sunday afternoon.

TURNED ON GAS; WILL LIVE. Jack Berry of No. 288 1/2 East Fifth street was found in his room partially asphyxiated by illuminating gas last night. He was taken to the Emergency and General Hospital. It is thought that Berry had left the gas turned on with suicidal intent. The motive for the act is not known. Berry will live.

SEEKING LOST CHILDREN.

Government Asked to Aid in Search for Little Ones Who Disappeared Five Months Ago.

[BY THE ASSOCIATED PRESS--A.M.] MONCTON (N. B.) Oct. 31.--In an effort to clear up the mystery of the disappearance of the two little children of Mr. and Mrs. John Creamer, who dropped out of sight five months ago, the provincial government has been called upon for aid. Under government direction, it is hoped a search more extensive and systematic than any previously conducted will be made to the woods and swamp near Bayfield.

The two children, a boy and a girl, aged 3 and 4 years, respectively, left home on Sunday afternoon five months ago, and have not been seen since. For weeks large parties of searchers from all over the country have vainly hunted for them.

NAIL DRIVING
BREAKS RECORD.PASADENA OCTOBER BUILDING
FAR TO THE GOOD.Permits issued for Month Aggregate
Almost Quarter Million Dollars—Contractors Have More Work
Than They Can Handle and Houses
Generally Behind in Completion.

Office of the Times, No. 218 Raymond Ave.

PASADENA, Oct. 31.—October has
proven another record-breaking month
as far as building permits are con
cerned. During the month permits rep
resenting an aggregate of \$213,762 were
taken out, against \$123,236 for the cor
responding month of last year. The
largest record for any preceding Octo
ber was in 1905, when permits to the
amount of \$156,000 were issued.The enormous volume of building that
is going on and the steady demand for
more houses has surprised even the
real estate operators, who have been
keeping watch on the city's progress.
While further advances will be
made, can only be conjectured. At
present all of the contractors in Pasade
na have more work than they can
handle, and dwellings which were pro
mised a month ago are yet uncom
pleted, owing to the rush of business.There are several other large build
ings now being planned, and unless
present signs prove trustworthy, there
will be heavy building operations next
month. The city's progress in the
blocks are promised and orders for
several fine dwelling houses have al
ready been placed. Last winter the de
mand for houses and cottages was ex
ceeded the supply, and it is anticipated
that with the increased tourist influx
which is expected for the coming win
ter, there will be a larger demand than
ever.

PREPARE FOR GRIDIRON.

An exciting game of football is prom
ised for next Saturday afternoon, when
the Throop Polytechnic Institute team
will meet the team of the Los Angeles
Polytechnic High School at Tournament
Park. Both teams have put in con
siderable time practicing, and are said
to be evenly matched, although the
Los Angeles team has a trifle the best
of it as regards weight.There is a keen rivalry between the
Throop students and the Polytechnic
boys, and the game will be hotly con
tended. The local players are in better
condition than they have been in for
some time, and hope to carry off the laurels,
although they realize that they will
have no walk-over. Some careful prac
tice will be indulged in between Wed
nesday and Saturday, and when the Throop
team goes onto the field it will be in
the pink of condition.The game between the Throop team
and the second team of the University
of Southern California, which was to

this afternoon, was abandoned owing
to the fact that the grounds could not
be gotten into shape in time.

CLEAR OUT THE MYSTERY.

Fets Morales, the "gum-shoe man,"
was arrested last night by Detective
Copping. Morales is suspected of hav
ing been connected with several at
tempted burglaries and the police be
lieve that he has been in the habit of
tempting capture. As far as is known
the man did not succeed in entering any
houses, but he is thought to have made
many attempts.Of late there have been several at
tempted burglaries reported to the po
lice. Investigation in each case dis
closed the fact that a man wearing
either rubber overshoes or rubber
soled tennis shoes was the guilty per
son. Tracks through the yards of the
intended victims showed that soft
soled footwear of some sort had been
worn.Last night Detective Copping re
ceived word that a suspicious charac
ter had been wandering about, so in
company with Patrolman Long, he
started to investigate. When ar
rested Morales admitted enough to
make the officers believe they had the
man for whom they had been looking.
Whether Morales really wanted to rob
the houses or whether he is demen

to decide, but they are glad to have the
gum-shoe mystery cleared up anyway.

CRUELTY CASE DISMISSED.

The case against Frank Herr, charged
with cruelty to animals, was
stricken from the calendar this morn

tion of Herr's attorney. The case has
been dragging on for several months
and as the jury disagreed at two
trials, it was thought useless to con
tinue the prosecution.Herr and two other men were ar
rested for cruelty to animals, the
charge being that they had treated a
wild horse in an inhuman manner.
Witnesses for the Humane Society,
which was conducting the prosecution,
stated that the men had shown great
cruelty in handling the animal, and
thought that they should be punished.
The defense brought in expert wit
nesses, however, to show that no more
cruelty had been used than was abso
lutely necessary and the majority of
the jury acquitted with them.After the second trial it was sup
posed that the Humane Society would
drop the prosecution of its own will,
but as no such inclination was shown,
Herr took the initiative and asked to
have the prosecution brought to a
close. It was the general opinion
among horsemen that it would not be
possible to secure a conviction.

MAYOR SMELLS A STORY.

Declines to Discuss the Charges
of Politicians.
OCEAN PARK, Oct. 31.—City Mar
shal Herzog dropped in from Elsinore
this afternoon, only to find himself at
the head of a new force of police of
ficers. These are plain clothes men,
"imported" from Los Angeles to tem
porarily fill the places of the four dis
charged patrolmen.Formal and official tickets of leave
were handed to the four officers at the
morning and their official careers closed
with the end of October. In depart
ing from the service, C. C. Cannon and
J. W. Lee subscribed to an affidavit
setting forth the alleged fact that they
had been handed a bunch of for being
fired for overlooking the gamblers,
which gamblers they depose and say
they were told by President Burke of
the Board of Trustees to overlook.Mr. Burke was seen this evening by
a Times reporter and informed as to
the nature of the affidavit. The Mayor
politely but positively declined to make
any statement.He did suggest, however, that if the
Times reporter believed the statements
in the affidavit to be true, there would
be a "class action" in the fact that
the Mayor of the town had given such
ridiculous orders to the police. He
thought if the story were true a real
active reporter should have no trouble
in proving it.

SAN FERNANDO BETTERMENT.

Southern Pacific Company Plans to
Spend Considerable Sum for
Improvements.SAN FERNANDO, Oct. 31.—The
Southern Pacific Company is planning
to spend more than \$15,000 in rear
ranging and improving the railroad
yards here. The new depot is finished
and occupied now, and as soon as
possible the old one will be torn down
and rebuilt north of the present site,
as a house for P. Candiot, foreman
of the section gang.The roundhouse, oil and water
tanks are at present too near the
depot. Freight trains stopping for
oil and water frequently block the
MacLay-avenue crossing, fifteen or
twenty minutes at a time, greatly in
conveniencing teamsters and pedest
rians.Division Superintendent Burkhalter
has been asked to aid in opening the
Hubbard-avenue crossing, which is
north of the depot, and Jesse street
at the southern extremity. At present
trains run only on First and
MacLay-avenue crossings. The crossing
convenient to the business center.
The roundhouse and water tanks
are to be moved north of where they
now stand to make room for switch
ing and side-tracks. A new water tank,
larger than either of the present ones,
will be erected. This building tem
plates moving the big crude oil tank,
but this has not yet been de
cided.

WHITTIER'S GROWTH RAPID.

WHITTIER, Oct. 31.—A new map of
this city, just completed by the City
Engineer, shows that Whittier is grow
ing rapidly. The map shows the limits
of the city. This is an average
of more than one new building for
every week since the town was started.
As Whittier endured the hard times
which were general after the "boom
years" of 1887, to 1893, it has not
summed her present appearance when
the oil development began, in 1896, the
growth since that time has been far
greater than this average would in
dicate. At the present time building
operations are active, and several
moderate buildings are going
up in the center of the city, as well as
many comfortable homes. Among the
new buildings the Carnegie Library at
the corner of Main and Broadway
will be ready for occupancy early in
the new year. This week will see the
completion of the cement work, and
the carpenters are putting in the in
terior finish. The exterior of the big
Masonic Temple is practically com
pleted, and this building is being re
built. The new home for the Whittier
National Bank and the Home Savings
Bank will be one of the finest in the
county. The business made it imperative
that the new building be erected.

IS THROWN BY RUNAWAY.

SOUTH PASADENA, Oct. 31.—A
horse attached to a buggy and driven
by Miss Agnes Dobson became fright
ened at an automobile near the viaduct
on Raymond hill this morning and
ran away. Dashing along Fair Oaks
avenue, the fear-crazed animal made
a short turn by Hope street and then
turned the vehicle, throwing Miss
Dobson violently to the ground. The
horse was caught by a man who
chanced to be passing. The harness
and buggy were somewhat damaged
but the young lady sustained no in

School faculty, who, with her parents,
will occupy it. The consideration
named was \$200.

IS DENIED IN NAPLES.

Report of Prospective Municipal In
corporation is Declared to Be
Unfounded.NAPLES, Oct. 31.—It is declared here
that the originators of the rumors of
a conspiracy, which had for its object
the incorporation of Naples as a wide
open city, received inspiration from
some untrained blind pigs in Long
Beach.Inquiry at Alamitos Bay has failed
to find a single resident who would
have heard of the project. The voters
of that resort would naturally be
unusually keen to the fact that an in
corporation petition was being cir
culated.Last summer the question of incor
poration was discussed by residents of
Alamitos Bay in a general way, with
the view of securing some much needed
improvements, including a bulkhead on
the ocean front. Nothing was done,
however, as there were not the re
quired 500 residents within the desired
territory.As all improvements in Naples are
made by the promoting company, incor
poration for this purpose is pronounced
unnecessary.Interviews with business men here
make it appear that they are not averse
to incorporation, but that any steps
were being taken was vigorously de
nied. The fear that a "wide open
city" would be made of Naples is de
clared to be without foundation.

COMPLETE RIVA ALTA.

Amid the blowing of whistles and
much enthusiasm the little launch San

through the Riva Alta canal yester
day. The huge dredger Seattle finished
the mile cut late this afternoon. Riva
Alta Canal is a mile in length, 30 feet
wide and contains 10 feet of water at
low tide.At the entrance to the canal and col
onade a coffer dam will be constructed
and a 16-inch pump installed to empty
the canal and colonnade, to permit
rapid work on the concrete bulkhead.
Work on the foundation of the

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

FUTILE ATTEMPT OF HEARSTITES

TO DISTURB SENATOR PERKINS AT SAN BERNARDINO.

They Held Their Little Slide-Show Meetings, Fling Off Their Cannon Cracks and Bore Their Red Fire, but the Republican Meeting Goes on Unaffected Till Its Close.

SAN BERNARDINO, Oct. 31.—An attempt to break up the meeting addressed by Senator Perkins at the Broadway last night was made by a party of Hearst-boomers, composed of Messrs. Williams, Hearst's candidate for Attorney-General, and Lawrence Holmes of Los Angeles. With red and cannon crackers the coterie first appeared on a corner within a block of the opera-house, and a white to a crowd of amused citizens, and then falling to awaken enthusiasm they spun in an automobile to the next corner, on the north side of the opera-house, where another crowd of citizens was addressed.

These meetings at various corners were held, and finally unable to induce an applause, the automobile-boomers with their cannon crackers, stopped directly in front of the opera-house. Their antics naturally attracted some of those who were in the Perkins meeting, but not to the number anticipated by the Hearst followers, who kept on running until the meeting had adjourned, and then spoke their little speeches all over again in an effort to induce a response.

Senator Perkins and Governor L. Blair of Oakland, who accompanied the Senator on his tour of Southern California.

INSANE MAN ABROAD. A wild man created excitement at Upland last night by suddenly appearing at the home of George Brunell, and entering the house, demanding to see only the women folk in the home, and when the strange individual drew a revolver and flourished it, threatening to kill the occupants, the women took to flight.

Helping himself to provisions, the man left, next appearing on the highway, where he scattered several little girls, one of whom dashed water into his face as he made for them. The children reported the affair to the manager, who found the individual in an abandoned traction car. The fellow rushed, and the manager, who was a criminal, followed him. The manager, who was a criminal, followed him. The manager, who was a criminal, followed him.

WILL AMEND THE BALLOT. J. E. Tebo brought an action in the Superior Court this morning to make the County Clerk appear and show cause why his name should not be placed on the official ballot, in the Republican column as regular Republican nominee for the office of Sheriff of San Bernardino. By an oversight the certificate of nomination was not filed, and yesterday the omission was discovered. The ballot for San Bernardino had already been printed, and the County Clerk took the ground that Tebo had no rights through the neglect of the secretary of the County Republican Central Committee to file the certificate. The court held that Tebo's name will be inserted.

WOMEN HOLD OPEN HOUSE. This has been "open house day" for the members of the San Bernardino Woman's Club, their new clubhouse having been opened this morning to the public with a flag-raising. An all-day program, which extended to the night, formally marked the opening. A representative delegation from various towns throughout Southern California was present. The program of the evening was concluded with a comedy, in which many of the town's prettiest children participated.

SAN BERNARDINO NOTES. Grant McIntyre, a local merchant, this morning received a dispatch announcing the death of his mother, Mrs. Alice McIntyre, of Wellington, Kan., in the sixty-seventh year of her age. The news came as a shock, as Mrs. McIntyre was in the best of health up to within a few hours of death, and was preparing to leave soon for San Bernardino to spend the winter with her son.

The local carpenter last evening voted to lend a helping hand to the civic section of the Woman's Club in preparing the new park for the opening day, November 17. The carpenters contribute their labor in making benches, bridges and booths.

REDLANDS SOCIAL CLUB. Heard Address on Poison Foods by Dr. Woods Hutchinson, Who Has Ideas of His Own.

REDLANDS, Oct. 31.—The first meeting for the season of the Liberal Men's Club, including a large number of the local men, was held last evening in the Sunday-school room of Unity Church. The principal speaker of the evening was Dr. Woods Hutchinson, who took as his subject "Poison Foods." He held special stress on the old adage that what is one man's food is another man's poison, for he said that it was very true that what was wholesome to one person was often-times wholesome to another. He said that while many men are killed by drinking liquor, it is an indisputable fact that the same men would die should they drink as much molasses or vinegar. In the discussion which followed the address a number of local physicians took part.

Previous to the literary part of the evening the ladies of the church served a supper, covers being laid for sixty-six. Following the supper Judge Brown spoke on the threatening San Francisco political situation. Other brief addresses were made. Rev. Maxwell Brafage acted as toastmaster.

SMALL MINING EXCITEMENT. Yucca Valley is the scene of a miniature mining excitement. Two miners, Messrs. Owen and Tully, who have been in the valley for the past week, declare that they have found a ledge of gold ore which will run sufficiently high to make it a paying investment. The claims are located in the valley south of the Jensen ranch. The miners are so content that they have a good thing that they are going to bring some experts from Bullfrog for the purpose of examining the making final reports on their find. It has long been known that there were sections in the Yucca Valley where gold was to be found in small quantities, but never before has it been found in quantities which would justify taking the matter up as a paying proposition.

FULLERTON POSTAL BUSINESS.

Increasing Traffic Shown—Three Rural Carriers Serving 456 Rural Boxes.

FULLERTON, Oct. 31.—Business at the Fullerton postoffice is increasing. All but three of the lock boxes are rented, which means that an additional set of boxes will have to be added to the large number already in use. Over 5000 pieces of mail matter were handled through this office Monday. Of this amount the three rural carriers delivered 1823 pieces and collected 223. The three carriers are now serving a total of 456 rural boxes, in which are averaged about five persons receiving mail. Postal receipts for the last quarter were \$1123.81, making a total for the past nine months of 1906 of \$1070.94, an increase of \$271.93 over a similar period of months in 1905. The money order business of the office is growing in proportion, receipts averaging \$1200 a month. Few people realize what a business institution the local postoffice is or how much of Uncle Sam's money remains in Fullerton. The stated expenses of the office is now \$4200 per year, and this amount all stays in Fullerton.

The Union Oil Company has purchased a large tract adjoining the Nemo place and put down a well to a depth of over 3000 feet.

PLACENTIA NEWS. PLACENTIA, Oct. 31.—J. N. Nemo has purchased the southeast corner of the place owned by the Key estate for \$8000 and will make a number of improvements on the property. He now has three improved places in Placentia and intends to erect a home in the near future.

The Union Oil Company has purchased a large tract adjoining the Nemo place and put down a well to a depth of over 3000 feet.

NEW SETTLERS AT ESCONDIDO. Steady Stream of Newcomers from Farm East, All Hungry for Farming Land.

ESCONDIDO, Oct. 31.—Never before in the history of this valley has such a steady stream of new settlers been pouring into Escondido. Every train brings in prospective settlers from different Eastern States, who are looking for farming land.

NOTES OF INTEREST. The Chamber of Commerce has appointed a committee to confer with the officials of the Santa Fe in the matter of better train service and cheaper passenger rates.

ELSIOR RIPPLES. ELSIOR, Oct. 31.—Anna Ferry Smith, Socialist candidate for State Superintendent of Schools, will speak in Elsiore November 3 on "Issues of the Day."

Report from Santa Ana That Big Real Estate Transaction is Pending.

SANTA ANA, Oct. 31.—Another large deal in Orange county real estate is about to be closed, with relatives. This deal has been pending some time, and covers 310 acres of land belonging to Casper Borchard, near Fairview. The property joins the Snow ranch, sold last week to J. Kulawski, a Los Angeles and Ventura capitalist. It is said that there are several others in the deal, and that the property will be converted into a duck preserve. The price which Mr. Borchard is asking for his property is not definitely known, but it is said that it will run close to \$200 an acre.

THE SAME PARTIES ARE TO BE AGREEING WITH W. L. ADAMS FOR HIS RANCH, WHICH IS IN THE SAME NEIGHBORHOOD AS THE OTHER PROPERTY. Part of all three of these properties are in the low lands, and valuable for a duck preserve. It is in a part of the county still undeveloped.

LITIGATION OVER ESTATE. The final disposition of the estate of William Harmon, deceased, is being argued at the county court this morning. Whether Isabel Sweet of Ellenville, N. Y., is the sister of Harmon, and therefore entitled to the estate, or whether the Harmon estate of Illinois should have the coveted prize, is what the lawyers are debating. The present outlook seems favorable to the New York woman. The estate is valued at \$1470.30.

THOUSANDS FOR HEIRS. There was filed Tuesday in the office of the County Recorder in Santa Ana an order of the Supreme Court, signed by Judge Gibbs of Los Angeles, for the settlement, final accounting and distribution of the estate of the late J. J. Shepherd of Los Angeles. The total amount of the estate is given at \$231,797.87, of which \$23,113.18 is cash; \$191,125 real estate; and the balance in personal property. The heirs are Mrs. Frances Shepherd, widow of deceased; Mrs. Emily Jones; and Mrs. Clara Hutchings, his sisters.

SUGAR GUMS FOR TIES. Jotham Bixby, who owns 7000 acres of land in the foothills between the South of the Tehachas and Santa Ana Canyons, has decided to devote about 3000 acres of his ranch to growing timber. He proposes planting 100 acres to sugar gums as soon as the winter rains set in. The trees are already growing in the seed beds, and as soon as the ground has been softened a large crew of men will be put at work transplanting them. The growing of eucalyptus and sugar gums for railroad ties, and other purposes, promises to become an important industry for Orange county, if the present intention of several large ranch owners is carried out.

IMPURE FOOD IN RIVERSIDE.

CITY TRUSTEES PREPARING FOR INVESTIGATIONS.

Death of a Well-Known Young Man While Visiting His Mining Camp—Japanese Company Incorporated for the Care and Welfare of Japanese in the State.

RIVERSIDE, Oct. 31.—The City Trustees have been summoned to the necessity of rigid inspection of the milk and meat supplies of the city and have gone to work with a vigor that bodes ill to offending dealers. Local physicians started the crusade by calling the attention of the Trustees to samples of impure milk taken from dairy wagons on their delivery routes. Some doctors even go so far as to say that they have lost critical cases of infants and children, presumably from drinking chemically-treated milk. The Trustees have ordered apparatus for the use of the City Health Officer and have endorsed his recommendation that analyses of milk and meat distributed in the city be made bi-monthly or oftener.

FATAL JOKE. Word has been received of the accidental death of James E. Aldrich, a well known Riverside young man, at a mining camp near Redding, Cal., Monday night. About two weeks ago, after doing local newspaper work for some time, Mr. Aldrich went up to his mines in the northern part of the State to spend the winter. This morning a dispatch was received saying that while he was attempting to play a practical joke on his partner by pretending that he was a wolf growling about the camp at night, the partner fired at what he supposed was the marauding wolf, with fatal effect. Mr. Aldrich was a reporter for one of the local daily papers this summer and was also the Riverside correspondent of the Los Angeles dailies. He was a young man of fine mental endowments and was well liked by all who knew him. He was the son of Mr. and Mrs. M. D. Aldrich, and leaves a widow and infant child. He was about twenty-five years of age.

CARING FOR JAPANESE. That the interests of their little brown countrymen who are new to the ways of California may not suffer and that incidentally a paying business may be built up, prominent Riverside and Los Angeles Japanese have incorporated themselves into a company with a capital of \$20,000. Its official name is the Yamato Company and its principal place of business is in Riverside. The company is incorporated in the care and welfare of the Japanese in the State of California, and furnishes men for all kinds of work. The directors are S. Inouye and J. Sayegawa of Los Angeles and T. Higashi of Riverside.

ENTERTAINMENT NOTES. The Puritan Chorus will assist the Woman's Club in raising funds for its new clubhouse by giving an opera at the Loring theatre this winter. The proceeds of which will be donated for this purpose. The chorus held a meeting last night at once on a new production for this object. Officers were elected as follows: P. S. Castleman, president; Miss Edna Fisher, vice president; Charles Wimpers, secretary; S. J. Castleman, treasurer; Miss Eva Wood, librarian. The chorus will begin work at once on a new production for this object. Officers were elected as follows: P. S. Castleman, president; Miss Edna Fisher, vice president; Charles Wimpers, secretary; S. J. Castleman, treasurer; Miss Eva Wood, librarian.

STOCKS

are advancing all along the line. The activity of the Nevada Mining Stocks in the New York market is without precedent; and in San Francisco it is almost as great.

BUY THE GOOD STOCKS

The Montgomery-Shoshone will make a shipment of ore worth \$1,000,000. The Mohawk is taking out \$100,000 per day, and there are many other mines in Nevada that will do as well later on.

BULLDOG RED-OAK.

is in line to join with the others very soon. Great developments are under way on the property.

OIL IS GOING HIGHER.

The value of the California Oil industry is not realized by the people of the State.

Only when you get right among the men who know, can you understand how great it is.

OUR PREDICTION:

RICE RANCH.....\$ 5.00

WESTERN UNION.....\$250.00

Don't be "wise" and think you know better, for six months ago "Mohawk" Mining Stock went begging at 46c, and the closing bid today was \$14.00.

Don't forget that Copper properties are almost as valuable as Gold.

BUTTE AND GREENWATER COPPER COMPANY

offers you a chance to make money.

TREASURY STOCK 50c PER SHARE

We advise its purchase and will be glad to have you ask us about it.

We sell all the Good Stocks.

FAKERESS EXPOSED

(Continued from First Page.)

at Mrs. Reynolds' meetings. Such things took place last night.

Then King asked to see his "dead" mother and his "ghostly" sister. They came when Mrs. Reynolds got time to emerge through dark curtains. The sister told King that things would come out all right. He need only wait. The proper authorities would fix up the affair to the utter demoralization of his enemies. King subsided, apparently satisfied.

The secretary of the Anti-Fakers Association asked for his mother's spirit. He was near the stage. When the "spirit" appeared the secretary leaped toward the platform. At that moment some one with no particularly over-developed power of reverence got hold of the "spirit." Mrs. Reynolds was the taking-struggled in a very fleshly manner and turned toward the stage. The proper authorities would fix up the affair to the utter demoralization of his enemies. King subsided, apparently satisfied.

"Well, they can't arrest me, I took no money."

Her hand, trained by three previous exposures of this sort in Los Angeles, had known to the fact that the California statutes do a lot to protect her.

Things were happening fast at this particular juncture. The burly one on Mrs. Reynolds' side was making for the stage to rescue her employer. King, home, the two officers of the Anti-Fakers' association, and the telephone company, people who were told the proper how she had fooled them.

The Anti-Fakers' Association is working hard toward drafting a bill which will be presented to the Legislature. This bill will prohibit such frauds as are now practiced in the State under the name of "spiritualism," "psychic seances" and "trance visions." At present the laws do nothing in this direction. As a result, the frauds are increasing, and the public is being misled.

They took Mrs. Reynolds out to the center of the stage. There they showed her to the audience and told the proper how she had fooled them.

Phenomenal Sale Men's Suits

The second day's selling of these suits was the most phenomenal ever seen in the city; some were not even satisfied with one suit but purchased two—and why not when the price paid for the two was only as much or even less than what you would have to pay for one suit elsewhere. You actually save enough in the purchase of one of these suits to buy yourself the balance of the wardrobe—and the quality of the material as well as the make-up and style is equal in every way to the best \$20.00 suit made by any local tailoring house—and the "Hamburger guarantee" is back of every one of these suits.

They are made of the best quality all wool Worsteds and Velours, in the best and most popular shades of gray in plain and plaid patterns; the coats are cut long, with center vents; have deep pointed lapels; form fitting; pants are medium broad shaped; sizes 33 to 44 and there isn't a better suit in town for \$10.00 to \$20.00. Specially priced for this sale.

\$9.95**\$5.00 FOR YOUTH'S WOOL SUITS WORTH \$2.50.**
